

eSirius Protocol Management Web Application Remote Access Instructions

STEP 1: Ensure you have an active UWO email account.

- Contact UWO's Computer Accounts office (accting@uwo.ca, 519-661-3800) if you encounter difficulties with your UWO username and/or password.
- All individuals without a UWO email account – those associated with affiliated institutions - must apply to UWO's Human Resources for an 'Associated Person' status (see link below) by faxing a *Register New Associated Persons* form to 519-661-2028. This application takes minimum 2 weeks to process. Form link: http://www.uwo.ca/humanresources/docandform/forms/assoc_persons/Register_Associated_Persons.pdf

STEP 2: Enter <http://wroams.uwo.ca/> into Internet Explorer browser url window, then select 'Click here to login:'

Western ROAMs

Remote Office Access Management system

ITS provides secure remote access to resources on campus via the Internet.
This access is currently limited to staff and faculty members only.

Step 2: Click the link

Click here to login

Platform Support

Juniper Networks tests the functionalities of the SA Platform on most widely used corporate and consumer platforms. The platforms are divided into two categories: compatible and qualified.

All browsers are 32-bit browsers unless otherwise specified

Qualified Platform

The platforms listed in the "qualified" category have been systematically tested by QA department as part of the release covered by the Supported Platforms document.

Compatible Platform

The platforms listed in the "compatible" category have not been systematically tested by our

The University of
Western Ontario
