

Go to **Student Centre** and click on **Main Menu**

Select **Self Service > Academic Records > View Special Permissions**

A **special permissions report** will be generated and you can see the special permission/comment. This special permission/comment is also posted on your internal academic record.

If you have been granted special permission to take a course without the prerequisite, or register for a course despite a timetable conflict, you will need to call the Office of the Registrar's Helpline at 519-661-2100 to have someone manually register you for the course.
