Earth Sciences 1086F: Origin and Geology of the Solar System – Fall 2017

Instructor: Dr. Elizabeth Webb, Department of Earth Sciences.

I encourage you to post questions about the course content in the online Forums. If you need to contact me about something personal, please email at ewebb5@uwo.ca and put the course code (1086F) in the subject line. Please read the syllabus before asking or posting a question.

Course Description

This half-course will explore the Solar System; we will look at our star (the Sun), the planets and their satellites, and other bodies such as asteroids and comets. We will consider the hypotheses and theories that attempt to explain their origins. We will see how our knowledge of Earth’s geology applies to other planetary bodies in the Solar System. We will end the course with a discussion of potential extraterrestrial life. As technology improves and as more and more space vehicles probe beyond Earth, knowledge expands dramatically. We will note new hypotheses and new exploration data with postings on the course forum.

This course emphasizes qualitative approaches to the topics included, thus is appropriate for all students, irrespective of backgrounds. Course content is available online only. It is your responsibility to maintain access to the internet for the duration of the course.

Course Objectives

- The primary goal of the course is to gain an appreciation of what we know about the Solar System, and how we know what we know.
- We will learn to recognise the processes of evolution of a star-planet system, and we will see that the evolution we know best – that of Earth – may not apply well elsewhere.
- We need to understand the logic of a scientific study: from observation and gathering of evidence to hypothesis and, eventually, refined theory.
- We will learn to write scientific reports; an assigned topic will be researched and presented in scientific format.
- We will take part in online discussions about new developments in planetary exploration.

Important dates

- Essay submission #1 deadline: Tuesday October 17th, 3:00 pm
- Mid-term test: Saturday, October 21, 2:00 pm
- Quizzes 1-3b: Saturday, October 21, 11:55pm
- Revised essay submission #2 deadline: Friday November 24th, 3:00 pm
- Graded forum post deadline (Write an Exam Question): Friday Dec 1st, 3:00 pm
- Graded forum post deadline (Space News): Friday Dec 1st, 3:00 pm
- Deadline to read required forum posts and participate in polls: Fri Dec 8th, 3:00 pm
- Quizzes 4-7: Friday Dec 8th, 11:55 pm
- Final exam set by the Registrar’s office.
Final exam date will be set by the Registrar’s office (UWO’s exam period runs \textbf{Dec 10 - 21}, but exams for distance courses such as this may fall outside of this period). Please check the exam period on the \textcolor{blue}{distance studies web page} before making any travel arrangements!

\section*{Method of Evaluation}

\begin{itemize}
  \item 25\% \quad \textbf{Mid-Term 2 hour written examination}
  
  \textbf{Midterm Exam is scheduled for Saturday, Oct. 21 @ 2 pm.}
  \begin{itemize}
    \item Fill-in-the-blank, multiple choice, and short-answer questions.
    \item \textit{This covers Units 1, 2 and 3 inclusive (to the end of Chapter 11)}
    \item Make-up midterm will be held on \textbf{Wednesday October 25\textsuperscript{th} @ 7 pm}
      \textit{You can only take the make-up with permission from an academic counsellor.}
  \end{itemize}

  \item 25\% \quad \textbf{End-of-Term 2 hour written examination}
  
  \textbf{Date, time and location to be determined by the Registrar’s office}
  
  \begin{itemize}
    \item Fill-in-the-blank, multiple choice, and short-answer questions.
    \item \textit{This covers the second half of the course: Units 4, 5, 6 & 7 inclusive (to the end of Chapter 19). The exam is not cumulative.}
  \end{itemize}

  \item 30\% \quad \textbf{Scientific Report (Assigned Research Topic). Submitted in 2 parts: See the Assignment Information provided on OWL. You must submit an essay to pass the course.}
  
  The written assignment must be completed to pass the course
  \begin{itemize}
    \item 15\% \quad Submission of first version: \textbf{Due Tuesday October 17\textsuperscript{th}, 3:00 pm}
    \item 15\% \quad Submission of second version: \textbf{Due Friday November 24\textsuperscript{th}, 3:00 pm}
  \end{itemize}

  \item 10\% \quad \textbf{Participation}
  
  \begin{itemize}
    \item 2\% for posting at least 1 thoughtful question/comment/answer in the Forum “Suggested Exam Questions” by \textbf{Friday December 1\textsuperscript{st}, 3:00 pm}
      \textit{Some of the suggested questions will be used on real exams.}
    \item 5\% for participating in the Forum “Space Exploration in the News” by \textbf{Friday December 1\textsuperscript{st}, 3:00 pm}. See Forum instructions on OWL for details.
    \item 2\% for reading 100\% of the posts in the “Space Exploration in the News” Forum by \textbf{Friday Dec. 8\textsuperscript{th}, 3:00 pm}
    \item 1\% for participating in polls distributed throughout the course notes (must be completed by the last day of classes: \textbf{Friday Dec. 8\textsuperscript{th}, 3:00 pm})
  \end{itemize}

  \item 10\% \quad \textbf{Graded Quizzes (at intervals during the course; see \textit{Weekly Schedule})}
  
  Quizzes 1, 2, 3a and 3b must be completed by \textbf{Saturday Oct 21, 11:55 pm.}
  Quizzes 4, 5, 6 and 7 must be completed by \textbf{Friday Dec 8\textsuperscript{th}, 11:55 pm.}
  \begin{itemize}
    \item There are 8 graded quizzes. There are also 8 self-tests; these are not graded, and are available to you as practice quizzes.
    \item Spelling and grammar count on the quizzes! These are online quizzes, so misspelled words will not be recognized.
    \item The quizzes are automatically administered through the OWL system. \textbf{Don't wait to submit your quizzes until the last minute!} Last minute computer problems will not be accepted as grounds for accommodation.
    \item No one will be permitted to complete a quiz after the due date.
  \end{itemize}
\end{itemize}
Scientific Report (essay)

- Details about the requirements for the Scientific Report (essay) can be found on the OWL site under “Assignments”.
- Completion of the essay assignment is required to pass the course.

- The essay is worth 30% and is submitted in two different versions. The first version will be worth 15% of your course grade. You will receive feedback on this version that you can use to improve your essay and resubmit for the second version, which is also worth 15% of the course grade. Revising your essay to improve its content, based on feedback from your TA, is an opportunity both to improve your writing and to increase your grade.
- The revised (second) version of the essay may be submitted at any time up to the final submission deadline. **If you do not make any revisions or if you do not submit a second version you will receive the same mark on both “versions”**.
- Every effort will be made to complete the grading of the essay in a timely fashion.
- Questions about the essay should be posted to the forum or communicated to your TA or instructor in an email.

- All essay submissions must be made through the OWL submission system. Mail attachments will not be graded.
- When you submit an assignment you will receive an email receipt from OWL and an email receipt from Turnitin.com. **Keep these for your records.**
- Submission problems must be communicated to the instructor and TA before the deadline.

- **Late assignments** submitted within two hours of the deadline will receive a 2% penalty.
- For 5 days following those “Due Dates” (including weekend days) reports may be submitted, but will be subject to a mark deduction of 10 % per late day. No reports will be accepted after that.
- Late penalties may be reduced only upon the recommendation of an academic counsellor.

- When you submit your report, you will get a **Turnitin score**. Scores of up to 30% are not unusual in this kind of writing, but scores in excess of 40% could indicate a problem. Your TA will use the Turnitin report to check for originality in the written content. **If evidence of plagiarism is found, you will get an automatic zero, and you will be reported to the Dean.** Plagiarism is a serious offense (see note on plagiarism below), and is treated seriously in this class.

Online Forums

The OWL website has a forum feature that you can use to discuss topics related to class material with your classmates. Feel free to ask each other questions, answer other people’s questions, and make comments. I will be monitoring the forum at least three times per week, and all class participants are required to read and contribute to the forum. If you have any personal questions, you can email the instructor directly and I will respond. Before sending a message, consider posting your query to the forum where you may get a
quicker response and allow other students to benefit from the discussion. Some information may be communicated only through the forum, so be sure to check regularly for new forum posts. Please keep your comments clean, respectful, and on-topic.

- You are required to make one original and thoughtful post in the Write an Exam Question topic before Friday December 1st, 3:00 pm. Your contributions to this topic will be graded. Further details are in the Forum description on OWL.

- You are required to make at least one original post in the Space Exploration in the News Forum by Friday December 1st, 3:00 pm and read 100% of the posts in this Forum before the last day of classes (Friday Dec 8th, 3:00 pm). Your contributions to this topic will be graded. Further details are in the Forum description on OWL.

Academic offences

Electronic devices are not permitted during either the mid-term or end-of-term examinations. These include cell-phones, iPads, tablets, and iPods. They must be turned off and put in your bags. They are not allowed in your pocket.

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site: http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

Plagiarism is a serious academic offence. The UWO Senate Academic Handbook defines plagiarism as "The act of appropriating the literary composition of another, or parts or passages of his writings, or the ideas or language of the same, and passing them off as the product of one's own mind.” Students must write their assignments in their own words. Whenever students take an idea, or a passage from another author, they must acknowledge their debt by using proper referencing. For more information see Scholastic Offence Policy in the Western Academic Calendar.

Please note: When you write your essay, you are not allowed to copy and paste ANYTHING (even if it’s just a sentence!) from ANYWHERE. This includes text from websites, papers, books, other students, etc. You are not allowed to copy and paste paragraphs and then change several words. You must gather ideas for your report then write the entire paper in your own words. If any part of your paper is determined to be plagiarized, that part of your paper will NOT be marked. NO EXCEPTIONS!

Plagiarism detection software: All required papers will be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).
Multiple Choice: Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Students’ responsibilities in the event of a medical issue

If you are unable to meet a course requirement due to illness or other serious circumstances, you must provide valid medical or other supporting documentation to an academic counsellor in your home faculty as soon as possible and contact your instructor immediately. It is the student's responsibility to make alternative arrangements with their instructor once the accommodation has been approved and the instructor has been informed. In the event of a missed final exam, a "Recommendation of Special Examination" form must be obtained immediately. A list of forms can be found here: http://www.registrar.uwo.ca/general-information/forms_listing.html

No accommodations will be given without documentation, and you must contact the instructor before the deadline or exam, unless you are physically unable to do so. A student requiring academic accommodation due to illness (including stress/anxiety) should obtain documentation from a doctor.

Support Services

The course is available (upon registration) at https://owl.uwo.ca/portal.

Help with computer problems encountered either during initial setup or during the course should be addressed to ITS: http://www.uwo.ca/its/

General information about Distance Studies courses, including viewing exam schedules, is available at: http://www.registrar.uwo.ca/applying/distance_studies/

The web site for Registrarial Services is found at: http://www.registrar.uwo.ca

Instructions for how to contact the Student Development Centre are given here: http://www.sdc.uwo.ca/

Students who are in emotional/mental distress should refer to Mental Health@Western (http://www.uwo.ca/uwocom/mentalhealth/) for a list of options about how to obtain help.

SDC’s Learning Skills Services: Rm 4100 WSS, http://www.sdc.uwo.ca/learning. Counsellors are ready to help you improve your learning skills. They offer presentations on strategies for improving time management, multiple-choice exam preparation/writing, textbook reading, and more. Individual support is offered throughout the Fall/Winter terms in the drop-in Learning Help Centre, and year-round through individual counselling.
Course Outline

Each Unit contains an Introduction, a Self-Test and a Graded Quiz. The “Learning Goals” in the Unit Introductions are a starting off point for you to begin your studies. More detailed information on what to study is provided in the “Study Guides” that can be found in the section “Reading and Studying the Material” under the Course Notes.

Unit 1: Basic concepts

- Chapter 1 – Scientific Theory and the Big Bang
- Chapter 2 – Time and Space
- Chapter 3 – Matter and the Nebular Hypothesis

2. Unit 2: The Solar System
- Chapter 4 – A Star called Sun
- Chapter 5 – Geometry of the Solar System

3. Unit 3: The Terrestrial Planets
- Chapter 6 – When two planets collide
- Chapter 7 – Earth
- Chapter 8 – The Moon
- Chapter 9 – Mercury
- Chapter 10 – Venus
- Chapter 11 – Mars

* the Mid-term exam covers up to the end of Chapter 11 *

4. Unit 4: From Asteroids to Meteorites
- Chapter 12 – Asteroids
- Chapter 13 – Meteorites

5. Unit 5: The Gas Giant Planets
- Chapter 14 – Jupiter and family
- Chapter 15 – Saturn and family
- Chapter 16 – Uranus and Neptune

6. Unit 6: Plutoids, TNOs and Comets
- Chapter 17 – Plutoids and TNOs
- Chapter 18 – Comets

7. Unit 7: Extraterrestrial Life
- Chapter 19 – Life in the Universe

* the Final exam covers the Unit 4 Intro to Chapter 19 *
Suggested weekly schedule
This is a suggested schedule – you should plan your own schedule according to your reading speed and your other obligations. There are 3 weeks without suggested readings to allow time to work on your essay and study for the midterm. Plan ahead, read regularly and keep up with the chapters. Numbers in parenthesis are approximate # of pages of text/week without figures.

Week 1, starts September 7 (~14 pages) (This is a short week!)

☐ Start work on the essay as soon as your schedule will allow (it is due in ~5 weeks)
☐ Read the introductory materials and familiarise yourself with course site on OWL
☐ Unit 1 Introduction
☐ Chapter 1
☐ Chapter 2

Week 2, starts September 11 (~24 pages)

☐ Chapter 3
☐ Quiz 1
☐ Unit 2 Introduction
☐ Chapter 4

Week 3, starts September 18 (~31 pages)

☐ Chapter 5
☐ Quiz 2
☐ Unit 3 Introduction
☐ Chapter 6
☐ Chapter 7

Week 4, starts September 25 (~28 pages)

☐ Chapter 8
☐ Chapter 9
☐ Quiz 3a
☐ Chapter 10

Week 5, starts October 2 (~21 pages)

☐ Chapter 11
☐ Quiz 3b

Week 6, starts October 9. Fall Reading Week - use this time to catch up or get ahead.

☐ First Essay submission next week!!
☐ Prepare for midterm test next week (content from Chapters 1-11)
☐ Quizzes 1 to 3b are due next week
Week 7, starts October 16

☐ Deadline for essay submission: **Tuesday, October 17 at 3:00 pm**
☐ Midterm on **Saturday October 21, 2:00 pm** (location to be announced)
☐ Deadline for Quizzes 1-3b: **Saturday October 21, 11:55 pm**

Week 8, starts October 23 (~26 pages)

☐ Unit 4 Introduction
☐ Chapter 12
☐ Chapter 13
☐ Quiz 4

Week 9, starts October 30 (~20 pages)

☐ Unit 5 Introduction
☐ Chapter 14

Week 10, starts November 6 (~29 pages)

☐ Chapter 15
☐ Chapter 16
☐ Quiz 5

Week 11, starts November 13 (~24 pages)

☐ Unit 6 Introduction
☐ Chapter 17 Pluto
☐ Chapter 18 Comets
☐ Quiz 6
☐ (The second essay deadline is next week)

Week 12, starts November 20

☐ Deadline for revised essay: **Friday, November 24th, 3:00 pm**

Week 13, starts November 27 (~16 pages)

☐ Unit 7 Introduction
☐ Chapter 19
☐ Quiz 7
☐ Deadline for posting to 'Write an Exam Question' forum: **Friday Dec 1, 3:00 pm**
☐ Deadline for posting to 'Space Exploration' forum topic: **Friday Dec 1, 3:00 pm**
Week 14, starts December 4. Classes end December 8th.

☐ Prepare for final exam
☐ Deadline for reading required Forum posts Friday December 8th, 3:00 pm
☐ Deadline for participating in the Polls throughout the course notes Friday December 8th, 3:00 pm
☐ Deadline for Quizzes 3b-7: Friday December 8th, 11:55 pm

Exam period:

Provisionally Dec 10-21. * Please check the exam period on the distance studies web page before making any travel arrangements! Note that the exam period for distance courses may differ from the exam period in the academic calendar.

Accessibility Statement

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 661-2111 x82147 for any specific question regarding an accommodation.
