

# Environmental Exposition

**Oil Spills**

## WHAT ARE THE ENVIRONMENTAL ISSUES FACING US TODAY?

Students in the first-year Environmental Issues (EnviroSci 1021) course at Western and Huron University College invite you to the presentation of their final group projects. See 50 compelling displays that confront some of the most difficult environmental issues we currently face. From running out of oil to what to do with all of our waste, come out.... and learn!

University Community Centre (UCC)  
Mustang Lounge West  
Monday, April 7th, 9:30 a.m. to 4:30 p.m.

## Renewable Energy

**Biodiversity**

**Invasive Species**
