The Department of Medicine, Division of Infectious Diseases, Schulich School of Medicine & Dentistry, at Western University, London Health Sciences Centre and St. Joseph’s Health Care are seeking physicians for full-time clinical academic appointment to Western University. Applicants should be certified, or eligible for certification, in Infectious Diseases by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. The successful candidate will hold a limited term academic appointment at the rank of Assistant Professor or Associate Professor, or a continuing academic appointment at the rank of Associate Professor or Professor depending on qualifications and experience. Role description categories for successful candidates include Clinician Teacher, Clinician Researcher and Clinician Scientist.

Western University delivers an academic experience second to none. Western challenges the best and the brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

The Schulich School of Medicine & Dentistry at Western University is one of Canada’s preeminent medical and dental schools. Established in 1881, it was one of the founding schools of Western University and is known for being the birthplace of family medicine in Canada. For more than 130 years, the School has demonstrated a commitment to academic excellence and a passion for scientific discovery. Throughout its history, Schulich Medicine & Dentistry has helped educate generations of physicians, dentists, scholars and scientists whose collective work has transformed the practice of medicine and dentistry, here in Canada and around the world. Faculty, students and alumni continue to fulfill their responsibilities as global leaders by sharing their knowledge and expertise for the benefit of all.

The Division of Infectious Diseases provides secondary and tertiary care for the City of London, Southwestern Ontario and beyond. The successful candidates for this position will have a record of proven ability for teaching and will be expected to teach at the undergraduate and graduate levels and to supervise graduate trainees. Expected role includes education of fellows, residents, and medical students. The successful candidates will have significant experience providing excellent clinical care. The successful candidates will be expected to participate in the academic commitment of the Division and Department. There will be ample opportunity for research within the Division and collaboration with other members of the Department of Medicine including basic science researchers.

Consideration of applicants will include an assessment of previous performance in research and teaching, qualifications and experience and candidates that have demonstrated ability in the identified areas of opportunities will be given priority.

Compensation for this position (s) will be commensurate with qualifications and experience and will primarily include fee for service, alternative funding plan and academic salary.

Those interested in applying for this position should forward a Letter of Interest/Statement of Academic Qualification, Curriculum Vitae, at least three letters of reference, and also complete, sign and include the form at the following link: http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf
