

## CIHR Training Grant in Interdisciplinary Primary Health Care Research “TUTOR-PHC”

Transdisciplinary Understanding and Training on Research— Primary Health Care

TUTOR-PHC is a **one-year, national** interdisciplinary research training program funded by the Canadian Institutes of Health Research (CIHR) and the Canadian Health Services Research Foundation (CHSRF) with representation from the disciplines of:  
**Family Medicine, Nursing, Psychology, Epidemiology, Social Work, Sociology , Education and many others.**

### Co-sponsors:

### Mentor Team

Moira Stewart, PhD, PI  
Lesley Bainbridge, PhD (c)  
Marie-Dominique Beaulieu, MD  
Judith Belle Brown, PhD  
Jeannie Haggerty, PhD  
Fred Burge, MD  
Lisa Dolovich, PharmD  
David Dozois, PhD  
Johanne Goudreau, PhD  
Stewart Harris, MD  
Anita Kothari, PhD  
Carol McWilliam, EdD  
Vivian Ramsden, PhD  
Graham Reid, PhD  
Amardeep Thind, PhD  
Roanne Thomas-MacLean, PhD  
Evelyn Vingilis, PhD  
Susan Watt, DSW  
Sabrina Wong, PhD

### Co-funder

### The TUTOR-PHC Program

The innovative curriculum (primary health care research skills and interdisciplinary theory and process) includes:

- An onsite **3-day symposium** in Toronto, ON in May 2012
- **Two 3-week online research skill development workshops** - June and November
- **Two 7-8 week online interdisciplinary discussion groups**—September to November and January to March
  - **Fall** - present your own research project to peers and receive interdisciplinary feedback
  - **Winter** - work with an interdisciplinary team to create a primary health care research project
- Trainees accepted to the program will have their research supervisor participate in aspects of the program.
- At the end of the program trainees will be able to complete an interdisciplinary primary health care research proposal

Check out our website for a full explanation of curriculum and a list of program alumni!

### DEADLINE FOR APPLICATIONS

**OCTOBER 31, 2011**

**Start date: May 2012**  
**End Date: April 2013**

### Who is accepted into TUTOR-PHC?

- Students from Canadian Universities
- Interested/ engaged in primary health care research regardless of their home discipline
- Graduate students, post-doctoral fellows, residents doing research fellowship, mid-career clinicians, OR policy makers.

### What's in it for me?

- **A fellowship**  
Limited fellowships are available depending on academic level and health professional status
- **CIHR Strategic Training Fellow Title**  
You are awarded the prestigious title of “*CIHR Fellow in Interdisciplinary Primary Health Care Research*”
- **Graduate Course and/or CME Credits**  
The program is accredited as one full graduate course and as a physician, you can also receive CME credits
- **It's absolutely free!**  
There is no cost to you - travel and accommodation for the symposium is paid by TUTOR
- **Valuable feedback on PHC research**  
Numerous opportunities to receive feedback from a broad range of disciplines/professionals involved in primary health care research – both peers and experts in the field
- **Mentorship**  
Mentors (experienced interdisciplinary PHC researchers) are available to students for advice and guidance
- **Interdisciplinary Team Experience**  
TUTOR-PHC provides you with actual experience in an interdisciplinary research team
