

Top 10 Reasons to study Nursing at Western

1. Leading the field in Canadian Nursing since 1920.
2. High entrance standards, graduation rates, and higher than average national registration examination results (CRNE).
3. Award-winning professors and clinical faculty.
4. Innovative undergraduate curriculum that meets the Canadian Association Schools of Nursing (CASN) Accreditation Standards.
5. Cutting-edge nursing research and scholarship.
6. New facilities and progressive teaching environments including our 3-D anatomy classroom and simulated clinical suites.
7. Practice opportunities in London's world-class teaching healthcare agencies.
8. Additional clinical partners throughout the Southwest Local Health Integration Network (LHIN).
9. Clinical experience beginning in the first year.
10. A future of choice – abundant career opportunities and graduate programs in Nursing (MScN, MN-NP, PhD).

Our Aim

To provide the best student experience among Canada's leading research-intensive universities.
