BSc Module Updates

Biomechanics Requirement

- Students can now choose between Kin 3341a/b, 3343a/b and 3353a/b to complete the 0.5 3000 level Biomechanics requirement

Senior Bioscience Requirements

- Previously students needed to take 1.0 Kinesiology from (not previously selected): 3343a/b, 3353a/b, 4430f/g, 4432a/b, 4433a/b, 4443a/b. The following courses have been added: Kinesiology 4450a/b and 4520a/b

External Science Requirements

- External sciences can now be from the 2100 level or above, previously they had to be from the 2200 level or above
- Of the 3.0 senior science credits taken in years 2 -4 up to 2.0 can be replaced with Kinesiology courses (see list below). This means 1.0 must be from the Faculty of Science at the 2100 level or higher. Of the remaining 2.0 you can take all Kinesiology, all Science or a combination of courses from both programs.
- Courses cannot be double counted toward Kinesiology and Science requirements. For example you cannot take Kinesiology 4450a/b and use it to complete a Kinesiology Bioscience course and an external science requirement, it can only be counted towards one or the other.

Kinesiology Courses that Can Count Towards External Science Requirements (Up to 2.0 Not Previously Selected)

- Kinesiology 3339a/b, 3341a/b, 3343a/b, 3347a/b, 3353a/b, 3360a/b, 3480a/b, 4420a/b, 4430f/g, 4432a/b, 4433a/b, 4443, 4450a/b, 44520a/b
