Introduction to Health Promotion

Instructor: Dr. Jennifer Irwin
jenirwin@uwo.ca; 661-2111 ext 88367; HSB Rm 338; office hours Mondays 1:00 – 2:30

Class Hours: Mondays 3:30 – 5:30 & Wednesdays 3:30 – 4:30. SSC-2050

- On-line readings are also your responsibility for the course and exams

Teaching Assistants, Office Hours & Locations: TBA (check website)

Prerequisite Checking: Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

Grading Method:

| Quiz (optional) | Unit 1 | 10% | In-class October 3 (optional) |
| Midterm Exam | Units 1 & 2 | 35% | In-class October 24 (not optional) |
| Quiz | Unit 3 | 10% | In-class November 14 (optional) |
| Final Exam | Units 3, 4, 5 | 45% | Date & time determined by Registrar’s Office (not optional) |

Midterm and Quizzes:
You have the choice to write a quiz on unit 1 on October 3 and on unit 3 on November 24. If you choose to not write the quizzes or *for any reason* do not write the quizzes, your midterm exam will be worth 45% (if you don’t write the first quiz) and your final exam will be worth 55% (if you don’t write the second quiz). If you sit down to write a quiz you will receive a grade for it (ie.,you cannot look over it and then decide to not write it). There will be NO make-up quiz offered for *any* reason.

Please note that students must see their counsellors if they miss a mid-term or final examination, and students must contact the instructor and counsellor *prior* to the missed exam if at all possible. Failure to do so could result in a zero grade assigned to the missed exam. Please refer to the Policy on Accommodation for Medical Illness located on page 3 of this syllabus at the following website: https://studentservices.uwo.ca/secure/index.cfm.
Note-Taking:
Good note-taking skills are important, if not essential, in both the academic environment and in other professions. For these reasons, the responsibility for note-taking in class is that of the students. I will provide a skeletal outline of the units’ slides and you are responsible for creating the full complement of notes from each class. Any additional content such as from films or guest speakers’ lectures are examinable (whether or not they provide slides). You are responsible for retrieving notes from classmates for any classes missed. Please do not ask for the course Instructor or the course Teaching Assistants’ lecture notes or slides—they will not be given to you. If you find that the lectures are moving too quickly or too slowly, please raise your hand and let me know...if others feel the same way then I will do my best to accommodate the majority of the class. If you are having difficulties taking notes for any reason, let the Instructor know and we will try to help you find a student who may be willing to share notes with you.

Communication:
Because this is a relatively large class, e-mail communication tends to be an efficient and effective mode of communication between the course Instructor/Teaching Assistants and the students. Your e-mailed comments and questions are most welcome and will be responded to in as timely a fashion as possible, provided they are appropriate (you are expected to use your “UWO” e-mail address for this course). E-mails, like any other form of communication with the course Instructor/Teaching Assistant, are appropriate when their content is respectful, when they are NOT anonymous, and when their originator does not ask for information delivered during a lecture to be repeated. If you have a question or do not understand a term or phrase, it is your responsibility to tell the course Instructor/Teaching Assistants what you think is the answer, what you think would be an appropriate example, and/or what it is that you are having difficulty interpreting. Inappropriate e-mails will either receive no response or will receive a response in which you are directed to review this component of the course outline and then invite you to e-mail again. Any inappropriate emails will be forwarded to the appropriate administrative office to be placed on-file.

Mutual Expectations:
You can expect me to come prepared for, and attend, all lectures regularly and punctually. I will strive to promote a collegial atmosphere of mutual respect conducive to the exchange of ideas and learning. I require the same from you. Reading during a lecture, using cell phones/texting, not turning ringers off on cell phones, the disturbing consumption of food or drink, littering the classroom, the use of ipods, facebook, twitter, and other activities which may impede the ability of you or other students to learn are unacceptable behaviours. KEEP YOUR CELL PHONES IN YOUR BAG/POCKET/OTHER DURING CLASS – texting not permitted during class. If we all abide by this code of civility and mutual respect, we set the stage for a healthy and stimulating intellectual forum. Finally, if you are having problems with any aspect of the course, please come and talk to me. I am approachable; I welcome your comments, your constructive criticisms and, of course, your questions.
**SDC’s Learning Skills (LS) Services**, Rm 4100 WSS, www.sdc.uwo.ca/learning
LS counsellors are ready to help you improve your learning skills. We offer presentations on strategies for improving time management, multiple-choice exam preparation/writing, textbook reading, and more. Individual support is offered throughout the Fall/Winter terms in the drop-in Learning Help Centre, and year-round through individual counselling.

**Student Code of Conduct**
The purpose of the Code of Student Conduct is to define the general standard of conduct expected of students registered at The University of Western Ontario, provide examples of behaviour that constitutes a breach of this standard of conduct, provide examples of sanctions that may be imposed, and set out the disciplinary procedures that the University will follow. For more information, visit [http://www.uwo.ca/univsec/board/code.pdf](http://www.uwo.ca/univsec/board/code.pdf).

**English Proficiency for the Assignment of Grades**

**Accommodation for Medical Illness or Non-Medical Absences**
The University recognizes that a student’s ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student’s overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

A UWO Student Medical Certificate (SMC) is required where a student is seeking academic accommodation. This documentation should be obtained at the time of the initial consultation with the physician or walk-in clinic. An SMC can be downloaded under the Medical Documentation heading of the following website: [https://studentservices.uwo.ca/secure/index.cfm](https://studentservices.uwo.ca/secure/index.cfm).

Documentation is required for non-medical absences where the course work missed is more than 10% of the overall grade. Students may contact their Faculty Academic Counselling Office for what documentation is needed.

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner. Documentation for any request for accommodation shall be submitted, as soon as possible, to the appropriate Academic Counselling Office of the student’s Faculty of registration. For BHSc students, you may go to the School of Health Studies Office in HSB room 222.
**Scholastic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website:

http://www.uwo.ca/univsec/handbook/appeals/scholastic_discipline_undergrad.pdf

Additionally,

1. All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).

2. Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

**Support Services**

There are various support services around campus and these include, but are not limited to:

1. Student Development Centre -- [http://www.sdc.uwo.ca/](http://www.sdc.uwo.ca/ssd/)

**Rounding of Grades (for example, bumping a 79 to 80%):**

This is a practice some students request. **This practice will not occur here.** The edges of this course are clear and sharp. The mark attained is the mark you achieved and the mark assigned; there is no rounding to the next grade level, or ‘giving away’ of marks. Please don’t ask me to do this for you; the response will be “please review page 4 of the course outline where this is presented”.

Students should log into OWL on a regular basis (i.e., daily in case of announcements) using their UWO username and password for access to the HS 2250a course web-page.
Course Content and Required Readings

Unit 1: Health Promotion, Health Education, and Disease Prevention in Canada
(September 12 – October 3). Readings: Chapter 1
- Defining the terms and concepts
- Assumptions of health promotion
- Exploring some of the major health issues and behaviours in Canada (e.g., heart health, obesity, mental health, cancer, diabetes, physical activity)

Quiz: October 3 (in-class, optional)

Unit 2: Models & Theories for Health Promotion and Disease Prevention (October 5 - 19). Readings: Chapter 3 & 7
- Importance of using models & theories
- PRECEDE-PROCEED, Social Cognitive Theory, etc
- Behavioural change theories, combination health behaviour models
- Applying theory to practice – introduction to health behaviour coaching

Midterm Exam: October 24 (in-class) NOTE: refer to posting on website to see where you are writing exam – you MUST write in the room assigned.

Unit 3: Health Promotion Program Planning (October 26 – Nov 9) Readings: chapter 2, 4, 8 plus online article
- Starting the planning process
- Assessing needs
- Exploring the similarities, differences, and importance of population-based and individual-based programs
- The model, theoretical underpinnings and practice of health behaviour coaching for individual change

Quiz: November 14 (in-class, optional)

Unit 4: Implementing Health Promotion Programs (November 16 - 28). Readings: chapter 9, 10, 11, 12
- Getting buy-in, community advocacy, organization & mobilization
- Resources
- Social marketing, implementation strategies & concerns

Unit 5: Evaluating Health Promotion & Disease Prevention Programs (November 30 – December 7) Readings: chapter 13 & 14
- Evaluations types for program stages
- The challenges and needs

~Class dates and topics subject to change at Instructor’s discretion~
