Instructor: Dr. Louis C. Charland
Affiliation: Departments of Philosophy and Psychiatry & School of Health Studies
Email: charland@uwo.ca
Phone: 661-2111 ext. 86445 (Please use email for all communication)
Office Hours: Mon 10:30-11:30; 1330-1430
   (please confirm your visit prior to coming, by email)
Class Times: Mon 9:30-1130
Class site: HSB 9

COURSE DESCRIPTION
An introduction to philosophical and historical aspects of mental health. Topics will usually include: history of diagnostic categories and modern nosological systems; in-depth look at specific diagnostic categories and their treatments (e.g. depression, hysteria, anorexia, addiction); analysis of key concepts such as ‘mental disorder’, ‘syndrome’, ‘disease’, ‘illness’, ‘symptom.’

COURSE OBJECTIVES
- Introduce students to historical and philosophical aspects of mental health
- Encourage students to formulate and defend their own views on those topics;
- Practice and improve critical thinking, reading, writing, and speaking skills;
- Foster professional skills and attitude in all aspects of the course.

TO CONSIDER
- Some students may find the topics in this course emotionally distressing and challenging. If you have any personal concerns of this nature, please see your academic counselor.

- This is an ‘essay’ designated course with considerable reading and writing requirements.

- This course relies heavily on encouraging independent study and critical thinking.

- This course fosters independent professional development. Be prepared to research and answer some of your own questions and make your own decisions (e.g. interpretation of essay format issues).

- Class participation is required in this seminar course and regular attendance is mandatory. (See relevant provisions in the Academic Calendar.)
COURSE TEXTS
- Assorted articles online and on Western Owl Course Web Site

COURSE REQUIREMENTS
Essay-Style Test #1 | Out of 30 marks | Worth 30% final mark
Written in-class Mon Oct 23, 9:30 am (1 hr. 50 min)

Essay-Style Test #2 | Out of 30 marks | Worth 30% final mark
Written in-class Mon Nov 20, 9:30 am (1 hr. 50 min.)

Essay | Out of 100 marks | Worth 40% final mark
Due in class and online Mon Dec 04, at 9:30 am

IN-CLASS ESSAY-STYLE TESTS
There will be 2 in-class essay-style tests in this course. Tests will be 1 hr. 50 min. duration. Tests are essay-style and out of 30 marks. Each single test is worth 30% of the final mark. Tests will consist of a choice of 3 out of 5 essay-style questions, taken from our weekly topics and readings. The questions will not be disclosed in class. Some short answer questions may be included in some versions of the test, in which case there will only be 2 essay questions out of a choice of 5. Test questions will be taken from weekly readings and modeled on weekly topics and major lecture and discussion themes that should be obvious to anyone who attends class and does their reading.

ESSAY TOPICS
You may choose any weekly topic, with its assigned set of readings, to serve as the core texts for your essay. Developing a topic to focus your essay is not always easy, so start early. No outside texts or readings are permitted for your essay.

ESSAY INSTRUCTIONS AND FORMAT
Essays should be 8-10 pages double-spaced and include at least 10 direct citations to course readings. Please use Chicago Manual of Style Author-date format for in-text citations and Bibliographical References. Ask a librarian if you need information on learning about this citation format. (Do not leave this to the last minute.) This is part of the skills you need to acquire in this course – through your own effort.

The first page of your essay should include the following information:
Essay Title
Course Number
Due date
Last name, First name
Student Number #111111111

All pages should be numbered except for the title page which has no page number and counts as page ‘0’.

Single marks will be deducted for all spelling errors, bad grammar, and formatting errors, up to a maximum of 10 marks. (Essays are marked out of ‘100’.)

ESSAY SUBMISSION AND LATE ESSAYS
Late essays will be penalized ½ letter grade per day late. That is, B+ to a B for one day late, B to B- for a second day late, etc. You can leave late essays under my door at HSB 214.

ESSAY MARKING SCHEME
Your essays will be marked according to the following standardized table, taken from the 2014-2015 Western University Academic Calendar:

University-wide grade descriptors:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Mark Range</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>90-100</td>
<td>One could scarcely expect better from a student at this level</td>
</tr>
<tr>
<td>A</td>
<td>80-89</td>
<td>Superior work which is clearly above average</td>
</tr>
<tr>
<td>B</td>
<td>70-79</td>
<td>Good work, meeting all requirements, and eminently satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>60-69</td>
<td>Competent work, meeting requirements</td>
</tr>
<tr>
<td>D</td>
<td>50-59</td>
<td>Fair work, minimally acceptable</td>
</tr>
<tr>
<td>F</td>
<td>below 50</td>
<td>Fail</td>
</tr>
</tbody>
</table>

In your essay, you are expected to interpret and evaluate – for example, agree or disagree, with a thesis, and explain why – the scholarly merits of your chosen essay topic and article(s). Roughly 70% of your total essay mark will be devoted to the more descriptive interpretive aspects of your essay, while the remaining 30% will be devoted to your own personal evaluation of the essay article(s). Do not go beyond course readings and topics in writing your essay. Make sure to include detailed examples taken from course lectures and readings to illustrate your arguments.

You will be marked on how well you display ‘critical thinking’ skills and mastery of your chosen essay article(s). While originality is welcome, essays are mostly expected to reflect knowledge acquired through course readings, as well as class knowledge acquired through course lectures and discussions. An important aim of the course is to foster critical thinking interpretive and evaluative writing skills.

ACCESSING DSM 5 ONLINE
The Diagnostic Statistical Manual of Mental Disorders, Fifth Edition (usually referred to as ‘DSM 5’) which is published by the American Psychiatric Association (APA), is an indispensable reference source for this course. You can reference citations from this text as: (APA 2013, 10). Then include the full reference in your bibliography as follows:

You can access DSM 5 online through the UWO library site and interface by typing ‘DSM 5’ in the online catalogue and selecting the first entry, namely, ‘DSM 5’. Then all you have to do is select “Explore the new edition”.

CLASS EMAIL POLICY

- Emails that do not mention (i) the course subject designation number and (ii), the student’s full name and student number, will be deleted.

- Only emails with a ‘uwo.ca’ address will be answered.

- Only emails that deal with administrative matters will be read.

- Questions regarding course content must be raised in class or during office hours.

- It may take up to 3 days to answer your email.

FILMS

Films will be shown during regular lecture hours and all students are expected to attend. Due to logistical and practical realities surrounding the availability of films, these can only be shown once. The films are designed to enrich your experience of the materials covered in the course. But like guest lectures or other special events, they are a one-time thing. If you miss a film, do your best to discuss the film with friends. Please note that films are not available for lending under any conditions. Some films may be available through the UWO library. Please check your course outline for film titles. A set of questions – ‘film questions’ – will normally be made available for each film to help guide your viewing and help point you to the main issues we are concerned with. Films are study material in this sense.

MENTAL HEALTH AND WELL-BEING

This course deals with very serious and controversial issues in the area of mental health which may be disturbing for some students. Please speak to myself, or your academic counsellor, if you have any concerns about your own mental health and well-being in relation to course content. Western University has excellent Mental Health and Well-Being services available for students in need of additional guidance and support in this area. See Western’s Health and Wellness information webpage at http://www.health.uwo.ca/mental_health/index.html if you desire more information on this topic. Immediate help in the event of a crisis can be had by phoning 519.661.3030 (during class hours) or 519.433.2023 after class hours and on weekends.

ADDITIONAL STATEMENTS

Student Code of Conduct
The purpose of the Code of Student Conduct is to define the general standard of conduct expected of students registered at The University of Western Ontario, provide examples of behaviour that constitutes a breach of this standard of conduct, provide examples of sanctions that may be imposed, and set out the disciplinary procedures that the University will follow. For more information, visit http://www.uwo.ca/univsec/board/code.pdf.

**English Proficiency for the Assignment of Grades**

**Accommodation for Medical Illness or Non-Medical Absences**
http://www.uwo.ca/univsec/handbook/appeals/accommodation_medical.pdf
The University recognizes that a student’s ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student’s overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

A UWO Student Medical Certificate (SMC) is required where a student is seeking academic accommodation. This documentation should be obtained at the time of the initial consultation with the physician or walk-in clinic. An SMC can be downloaded under the Medical Documentation heading of the following website: https://studentservices.uwo.ca/secure/index.cfm.

Documentation is required for non-medical absences where the course work missed is more than 10% of the overall grade. Students may contact their Faculty Academic Counselling Office for what documentation is needed.

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner. Documentation for any request for accommodation shall be submitted, as soon as possible, to the appropriate Academic Counselling Office of the student’s Faculty of registration. For BHSc students, you may go to the School of Health Studies Office in HSB room 222.

**Scholastic Offences**
Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website: http://www.uwo.ca/univsec/handbook/appeals/scholastic_discipline_undergrad.pdf.

Additionally,
1. All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).

2. Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Support Services

There are various support services around campus and these include, but are not limited to:

1. Student Development Centre -- http://www.sdc.uwo.ca/ssd/
2. Student Health -- http://www.shs.uwo.ca/student/studenthealthservices.html
3. Registrar’s Office -- http://www.registrar.uwo.ca/
4. Ombuds Office -- http://www.uwo.ca/ombuds/

THIS OUTLINE AND SCHEDULE MAY BE REVISED WITH PRIOR NOTICE DUE TO CLASS ENROLMENT AND OTHER FACTORS

9/5/2017 10:19 AM
### Week 01

**Fri Sep 09 | Lecture**

Topics: Introduction to the Class, OWL Website, and Administrative Information

### Week 02

**Mon Sep 12 | Lecture**

**Fri Sep 16 | Film**

Topics: Allen Frances (Former Chair, DSM IV Task Force) on DSM 5 and Diagnostic Inflation.

**Required Readings:**

Film: Allen Frances, Diagnostic Inflation (TV Ontario 2012). Available online at [https://www.youtube.com/watch?v=yuCwVnzSjWA](https://www.youtube.com/watch?v=yuCwVnzSjWA)

Film questions: (1) What is “diagnostic inflation and why is it argued to be a problem rather than simply the result of better testing and diagnostic categories?; (2) Are
there too many diagnostic categories now and are we ‘medicalizing’ too much of
normal everyday mental pain and suffering and problems in life? (3) How do you think
and feel about statistical claims that “Mental disorder affects one in four people” and
that the affected all need ‘treatment’ (WHO World Health Report accessed at
(Nota: Sometimes the statistics vary: “In any given year, 1 in 5 Canadians experiences
a mental health or addiction problem. By the time Canadians reach 40 years of age, 1
in 2 have – or have had – a mental illness.” See for example, CAMH Facts and
Statistics at

</tr>
</tbody>
</table>

Topic: Dualism and the Nature, Definition, and Classification, of Mental Disorder

Required Readings:

(Spring 2016 Edition), Edward N. Zalta (ed.), URL =
Read only: Section 1. From ‘The Mind-Body Problem and the History of Dualism.
Section 2. Varieties of Dualism: Ontology, and Section 3. Varieties of Dualism:

(2) The Distinction Between Mental and Physical Illness, by R.E. Kendell. In Caplan,
Arthur, L., McCartney, James, J., & Sisti, Dominic, (eds.) Health, Disease & Illness:

Film: John Cottingham on Descartes I. Available online at
https://www.youtube.com/watch?v=abVVKe5zObU

Film Questions: (1) How is traditional Cartesian dualism defined and why did
Descartes attempt to separate the mental from the physical in this way?; (2) What
problems does dualism pose for modern psychiatry and psychology?; (3) Are you a
dualist or not and why or why not?
### Week 04

**Mon Sep 26 | Lecture**

**Fri Sep 30 | Film**

**Topic:** ‘Physical’ Conceptions of Madness and their Relation to Cure and Treatment

**Required Readings:**

1. *Madness: A Brief History*, by Roy Porter, 1-122

**Film:** *Madness: A History. From Kill or Cure: A History of Medical Treatment*. Films for the Humanities and Sciences. DVD Video

**Film Questions:** (1) Why were the ‘mad’ often considered to be wild animals that were feared and loathed, and needed to be beat and domesticated? (2) Do we still sometimes treat the mentally ill like that today? (3) What accounts for the humanitarian reforms that occurred in how we view the ‘mad’ and what made these possible? (4) Do you think the ‘mad’ are better off today than they were in the past?

### Week 05

**Mon Oct 03 | Lecture**

**Fri Oct 07 | Film**

**Topic:** ‘Moral’, or ‘Mental’, Conceptions of Madness and their Relation to ‘Cure’ and ‘Treatment’

**Required Readings:**

Film: The Young Dr. Freud. By David Grubin. PBS Home Video. Available online at http://www.pbs.org/youngdrfreud/

Film Questions: (1) Is the personal life of Freud relevant to his discoveries in psychiatry? (2) How did Freud discover his new ‘talking cure’ and what did he mean by “hysteria?” (3) Which of Freud’s ideas on the talking cure for hysteria do you agree or disagree with and why?

Week 06

Mon Oct 10 | Thanksgiving | No Class
Fri Oct 14 Film

Topics: Male Hysteria, Shell Shock, & Post-Traumatic Stress Disorder

Required Readings:

See also 1914-1918 Shell Shock. Available on https://youtu.be/sP2ravKtcY8

Film Questions: (1) Do you agree that it is true and useful to say shell shock is a variety of ‘male hysteria’ and that it is helpful to view modern post traumatic stress disorder in that light? (2) What does the theory of male hysteria reveal about our cultural assumptions about the emotional life of the Western male? (3) What role does gender play in the history of hysteria and how might transgendered persons fit in that history?

</tr>
</tbody>
</table>

**Topic:** Historical Case Studies on Values in Conceptions of Mental Illness and Disease

**Required Readings:**

**Film Questions:**

1. What is eugenics and how did this early purported ‘science’ figure in the development of American and Nazi attitudes towards the mentally ill specifically? (2) Are the mentally ill still subject to abuses even if they are not as horrible and evil as what was done to them in Nazi Germany? (3) How vulnerable are psychiatry and psychology to bias and misuse of this sort – are they really strictly based on science and exempt from issues of value that stem from cultural and societal prejudices and assumptions?
Week 09

Mon Oct 31 | Film
Fri Nov 04 | Lecture

Topic: Contemporary Case Studies on Values in Conceptions of Mental Illness and Disease

Required Readings:

Film: Attention Deficit Disorder (ADD) – A Dubious Diagnosis? Video PBS Produced by John Tulenko. Available online at https://www.youtube.com/watch?v=eMNhdyg8kgA or http://learningmatters.tv/blog/documentaries/watch-add-a-dubious-diagnosis/640/

Film Questions: (1) How prevalent is talk of ADHD among your friends and family?; (2) What do you think and feel about the argument that pharmaceutical companies are sometimes guilty of expanding their markets for drugs at the expense of the interests of the patients using those drugs? (3) Are doctors and health professionals part of the problem or the solution here?
Week 10

Mon Nov 07 | Lecture
Fri Nov 11 | Film

Topic: The Nature of Physical and Mental Illness

Required Readings:

Film: Selling Sickness. How the Worlds Biggest Pharmaceutical Companies Are Turning Us All Into Patients. DVD Video. Based on the Book by that title. Available in UWO library and by purchase through Icarus Films
https://dvd.netflix.com/Movie/Nazi-Medicine-The-Cross-and-the-Star-Double-Feature/60028157

Film Questions: (1) Do you think and feel this film is biased and maybe now out of date? (2) Are SSRI antidepressants a genuine, targeted, medical treatment for a targeted medical disease called “depression?” (for more background on this see Menand, Louis. (2010) Head Case: Can Psychiatry be a Science? Available on our course website and online at http://www.newyorker.com/magazine/2010/03/01/head-case-2

Week 11

Mon Nov 14 | In-Class Test #2 (70 min.)
Fri Nov 17 Essay Planning Discussion
Week 12

Mon Nov 21
Fri Nov 25

Topic: Apotemnophilia: Bodily Integrity Identity Disorder (BIID).

Required Readings:

Film Questions: (1) Do you believe that BIDD is a genuine mental disorder and why or why not? (2) Do you agree with amputation as a treatment for BIDD, when it is requested by the patient? (3) How has this film affected your view of mental disorder and the people who suffer from such disorders.

Week 13

Mon Nov 28
Fri Dec 02

Topic: Anorexia Nervosa

Required Readings:

<table>
<thead>

THIS OUTLINE AND SCHEDULE MAY BE REVISED WITH PRIOR NOTICE DUE TO CLASS ENROLMENT AND OTHER FACTORS

07/09/2016 1:50 PM
Week 01

Mon Sep 1
Topic: Diagnostic Inflation.
Required Readings:

Film: Allen Frances, Diagnostic Inflation (TV Ontario 2012). Available online at https://www.youtube.com/watch?v=yuCwVnzSjWA

To ask yourself: (1) What is “diagnostic inflation and why is it argued to be a problem rather than simply the result of better testing and diagnostic categories? (2) Are there too many diagnostic categories now and are we ‘medicalizing’ too much of normal everyday mental pain and suffering and problems in life? (3) How do you think and feel about statistical claims that “Mental disorder affects one in four people” and that the affected all need ‘treatment’

(Note: Sometimes the statistics vary: “In any given year, 1 in 5 Canadians experiences a mental health or addiction problem. By the time Canadians reach 40 years of age, 1 in 2 have – or have had – a mental illness.” See for example, CAMH Facts and Statistics at http://www.camh.ca/en/hospital/about_camh/newsroom/for_reporters/Pages/addictionmentalhealthstatistics.aspx

Week 02
Mon Sep 18
Topics: Dualism and the Nature, Definition, and Classification, of Mental Disorder
Required Readings:

To ask yourself: (1) How is traditional Cartesian substance dualism defined and why did Descartes attempt to separate the mental from the physical in this way? (2) What problems does dualism pose for modern psychiatry and psychology? (3) Are you a dualist or not, and why or why not?

Week 03
Mon Sep 25
Topics: ‘Physical’ Conceptions of Madness and their Relation to Treatment
Required Readings:

(1) Madness: A Brief History, by Roy Porter, 1-122

Film: Madness: A History. From Kill or Cure: A History of Medical Treatment. Films for the Humanities and Sciences. DVD Video

To ask yourself: (1) Why were the ‘mad’ often considered to be wild animals that were feared and loathed, and needed to be beat and domesticated? (2) Do we still sometimes treat the mentally ill like that today? (3) What accounts for the humanitarian reforms that occurred in how we view the ‘mad’ and what made these possible? (4) Do you think the ‘mad’ are better off today than they were in the past?

Week 04
Mon Oct 02
Topics: ‘Moral’, or ‘Mental’, Conceptions of Madness and their Relation to ‘Treatment’
Required Readings:

Film: The Young Dr. Freud. By David Grubin. PBS Home Video. Available online at http://www.pbs.org/youngdrfreud/

To ask yourself: (1) How did Freud discover his new ‘talking cure’ and what did he mean by “hysteria?” (2) What are classic symptoms of hysteria? (3) How do Freud’s talking cure and moral treatment differ, and in what respects are they similar? (4) What is Degenerationism?

Thanksgiving Holiday and Study Week | No class

Week 05

Mon Oct. 16
Topics: Male Hysteria, Shell Shock, & Post-Traumatic Stress Disorder
Required Readings:

See also 1914-1918 Shell Shock. Available on https://youtu.be/sP2ravKtcY8

To ask yourself: (1) Do you agree that it is true and useful to say shell shock is a variety of ‘male hysteria’ and that it is helpful to view modern post traumatic stress disorder in that light? (2) What does the theory of male hysteria reveal about our cultural assumptions about the emotional life of the Western male? (3) How do the symptoms of male hysteria compare with those of female hysteria?

</tr>
</tbody>
</table>
To ask yourself: (1) How would you define signs and symptoms in psychiatry? (2) What is a syndrome as opposed to a disease – at least in principle? (3) Are SSRI antidepressants a genuine, targeted, medical treatment for a targeted medical disease called “depression?” (4) Is depression primarily a ‘mental’ or a ‘physical’ condition? (4) Can psychiatry really aspire to be a value-free science?

For more background on this see Menand, Louis. (2010) Head Case: Can Psychiatry be a Science? Available on our course website and online at http://www.newyorker.com/magazine/2010/03/01/head-case-2

---

**Week 09**

**Mon Nov 13**

**Topic:** Case Studies on Values in Conceptions of Mental Illness and Disease

**Required Readings:**

**Film:** Attention Deficit Disorder (ADD) – A Dubious Diagnosis? Video PBS Produced by John Tulenko. Available online at https://www.youtube.com/watch?v=eMNhdvq8kgA or http://learningmatters.tv/blog/documentaries/watch-add-a-dubious-diagnosis/640/

To ask yourself: (1) Are we over-diagnosing ADHD today? Google around and compare statistical findings that you find. (2) Are Pre-menstrual syndrome and menopause ‘sexist’ medical inventions or genuine mental disorders? Where and how do we draw the line, if there is one? Do a bit of your own research on this.
# Week 10

Mon Nov 20 | In-Class Essay Test #2 (1 hr 50 min)

# Week 11

Mon Nov 27

**Topic: Anorexia Nervosa**

**Required Readings:**

To ask yourself: (1) Can anorexia nervosa be a passion and a deadly mental disorder at the same time? (2) Is the passion theory of anorexia helpful? (3) Do seriously ill anorectic patients really have the mental capacity to make their own authentic decisions about their treatment – or is it ‘the anorexia speaking’ by that point? On this last question see: Jacinta Tan (2003). The anorexia talking? Lancet, Volume 362, No. 9391, p1246, 11 October 2003. Available online at: [http://www.thelancet.com/journals/lancet/article/PIIS0140-6736(03)14534-5/abstract](http://www.thelancet.com/journals/lancet/article/PIIS0140-6736(03)14534-5/abstract)

4. Do you think the new Netflix movie ‘To the Bone’ should be widely available to the public? Might it not trigger anorexia in those who are vulnerable?

# Week 12

Mon Dec 04 | Essays Due In-class and online by 9:30 am.
