- to maintain and improve the existing harmonious relations and settled conditions of employment, and
- to promote the morale, well-being and security of the employees in the bargaining unit, to encourage efficiency in operation, and to secure prompt and equitable disposition of grievances arising out of the administration of this Agreement.

.02 Where the singular is used in this agreement, it shall be considered as if the plural feminine has been used where the context or the party or parties hereto so require.

NOW THEREFORE, THE PARTIES AGREE AS FOLLOWS:

Article 1. RESERVATION AND CONTINUATION OF MANAGEMENT FUNCTIONS

- .01** The Union recognizes that the management and direction of the working forces are fixed exclusively in the Employer and shall remain solely with the Employer except as specifically limited by the express provisions of this Agreement, and without restricting the generality of the foregoing, the Union acknowledges that it is the exclusive function of the Employer to:
- (a) maintain order, discipline and efficiency;
 - (b) hire, assign, retire, discharge, direct, promote, demote, classify, transfer, layoff, recall and suspend or otherwise discipline employees, provided that if an employee claims he/she has been discharged or disciplined without cause, or improperly laid off or recalled, a grievance may be filed and dealt with in accordance with the Grievance Procedure;
 - (c) determine the machinery and equipment to be used, the methods and techniques of work, the standards of performance, the schedules of work and number of personnel to be employed; and
 - (d) establish, enforce and alter from time to time rules and regulations to be observed by the employees.

- .02** The classifications listed in Appendix A are the only job classifications covered by this Agreement. Any new job classifications within the bargaining unit which may be created in the future may be added to Appendix A by mutual agreement.
- .03** The word employee whenever used in this Agreement will apply only to Regular Full-time employees which are defined as employees employed for an average of more than 24 hours a week for a total of six consecutive months or more and for whom a termination date within the next six months has not been defined. In any event, an employee will be considered to be Regular Full-Time once a total of twelve (12) consecutive months' service has been accumulated.
- .04** Only employees as defined in section .03 above are covered by the terms of this Agreement.

Article 3. DISCRIMINATION and HARASSMENT

APPENDIX C

**Letter of Understanding
Between
The University of Western Ontario (UWO)
And
International Union of Operating Engineers, Local 772**

This Letter of Understanding is to cover Co-Op students receiving training/steam qualifying time at the Power Plant at the University of Western Ontario. Several Ontario Colleges are reacting to the looming shortage of Stationary Engineers by offering 4th and 3rd class programs. The University is assisting these programs by providing steam time to qualified students for a co-op time period.

During the co-op time period, the successful student(s) will shadow University's Power Plant staff either in the main plant or on outside rounds. As this is strictly a training/steam qualifying time period, at no time will be student(s) be working/training by themselves or be required to assist staff in getting a job completed.

The University's Power Plant management will work with the participating College to match training to course curriculum requirements.

APPENDIX D

Scheduling – Altered Work Week

In recognition of promoting a work-life balance and engagement of employees balanced with operational requirements of the Power Plant, Facilities Management Power Plant employees and leadership have developed a scheduling format that will allow an employee to have flexibility into selecting his/her **non-Sole Operator** time. The following are the guidelines and regulations that have been agreed to for the implementation;

1. This is a mutual agreement that can be withdrawn by either group if either leadership or employees are adversely affected by giving a minimum of three months' notice;
2. Starting times shall be 6:00, 6:30, 7:00, 7:30, or 8:00 a.m.;
3. The planned work day (Monday to Friday) shall consist of exactly 8, 8.5 or 9 working hours;
4. Quitting times shall be 2:30, 3:00, 3:30, 4:00 or 4:30 p.m.;
5. Premium provision will not be paid unless leadership has mandated a shift time that falls within the designated premium period. Overtime shall not be paid for regularly scheduled hours in accordance with #3 above;
6. Statutory holidays will be scheduled as an 8 hour day;
7. Sick and compassionate leave will be charged on the basis of the time pattern the employee is working. (i.e., if the employee would have worked a nine hour day, his/her leave would constitute a 9 hour charge against his/her sick and compassionate leave allowance);
8. Each employee wishing to vary their daily working hours from the standard 7:30 a.m. to 4:00 p.m. period shall submit his/her monthly proposed schedules for approval by the 15th of the month for the following month;
9. The supervisor on receipt of the proposed work schedules will assess the total hours available for each day of the coming month and assure that the commitments of the plant can be met. Based on his/her evaluation, the proposed schedules may be accepted, modified or refused in order to assure coverage of all the necessary services;

10. Leadership reserves the right to change hours at any time based on Western requirements. If leadership changes an employee's schedule with less than 84 hours' notice, the hours outside of the pre-scheduled shift will be paid as overtime, unless the schedule is changed with mutual consent where it will be paid at straight time;
11. The total number of hours that the employee elected to work during a given month will be compared to the "Required Hours";
 - a. In the case where the employee is in a deficit position, he/she will be allowed to carry this deficit (within the current month or the following month) until it has reached 8 hours. At this point the deficit must be eliminated by working either additional hours (to a 9 hour day maximum) or an extra 8 hour day;
 - b. In the case where an employee is in a surplus hours position, these surplus hours will be balanced to zero within the current month or the following month;
12. If periods of sickness from the current month continues into the next month, the altered work week reverts to the normal 8-hour day until the following week after return to work; and
13. When an employee is absent due to a lost time accident and is operating under the altered work week plan, for the balance of the week in which the lost time accident occurred, we honour the altered work week hours as submitted. If the employee did not return to work on the Monday following the date of the accident, then that week would be recorded as a normal 40 hour week, 8 hours per day. Further, that week would continue as a normal 40 hour week for any balance worked, such as a return on a Wednesday or Thursday. Having returned to work part way through the week following the accident, the next week would revert to the submitted altered work week pattern.

Sole Operator

The Sole Operator Schedule will be posted annually.

If additional shifts approved by the Manager, Power Plant Operations (Chief Engineer) are cancelled employee shall be paid.
