

ONCOLOGY PROJECTS

NOT-FOR-CREDIT UNDERGRADUATE PROJECT IN ONCOLOGY

DISEASE SITE AREA: RENAL CANCER

CONTACT DETAILS: Dr. Mary MacKenzie – email: Mary.Mackenzie@lhsc.on.ca

PROJECT OUTLINE: Input of patient info into a renal database. Database looking at outcomes of patients with metastatic renal cancer who are receiving systemic therapy. Opportunity for publication

REQUIRED TRAINING LEVEL: Familiarity with Powerchart will be necessary (3rd or 4th year clinical clerk)

REIMBURSEMENT: \$25/hour

TIME COMMITMENT TO COMPLETE THIS PROJECT: as personal schedule allows – but could be 1 hour per month or 10 hours a week – but must be able to commit to at least 20 hours total

COMPUTER ACCESS / SOFTWARE REQUIREMENTS: Database is easy to learn, but only accessible from the LRCP (Victoria Campus). Access to patient paper charts will also be required from time to time, thus database input to be done mostly from the LRCP site.

Academic year: 2011-2012
