DRIVERS, PEDESTRIANS, CYCLISTS

We're in this together!

Tips to stay safe!

Pedestrians:

- Cross the street at marked crosswalks and intersections.
- Stop and look every time before crossing the street even when you have the right-of-way.
- Before crossing, look left, right, then left again and over your shoulder for turning vehicles.
- Begin crossing the street on “Walk” signals – never on a solid or flashing “Don’t Walk”.
- Make eye contact with drivers so they see you. Never assume they do.
- Use sidewalks. If none, walk facing traffic so you see vehicles and drivers see you.
- Stay visible after dark and in bad weather by wearing light coloured clothing, reflective material or carry a flashlight.
- Don’t let parcels, umbrellas or hats interfere with a clear view of traffic.

Cyclists:

- Wear a helmet and use hand signals – It’s the law!
- Ride on the right side of the road with traffic – never against it.
- Obey all the rules of the road, signs and traffic signal lights.
- Be aware of the traffic around you – scan side-to-side, to the front and even behind you.
- Stay visible, with lights, reflectors and a bell – It’s the law!
- Make eye contact with motorists and pedestrians before crossing paths.
- Avoid riding on sidewalks.

Drivers:

- Leave early so you’re not running late.
- Obey speed limits, signs and traffic signal lights – never run Red or Amber lights.
- Stop or yield to pedestrians at crosswalks and intersections – It’s the law!
- Don’t block crosswalks when stopping at stop signs or intersections.
- Always look out for pedestrians especially before turning at a green light or making a “right turn on a red”.
- Be courteous when merging and changing lanes or when others are doing the same.
