

Effective September 1, 2017, Parking Services is changing the process of how parking permits paid for by credit card are administered.

What's changing?

Parking Services would like to ensure that our customers paying by credit card understand the benefits associated with paying for a parking permit by payroll deduction.

What does this mean for me?

Save money! Permits paid for by payroll deduction receive a 10% discount.

Save time! Annual parking permits paid for on a continuous monthly payroll deduction payment plan are automatically renewed each year and your parking permit fees are automatically deducted from your pay each month.

Stay up to date! Avoid service disruptions! Don't wait in line at the Parking office. Never worry about missing a payment!

Don't forget! Permit holders still wishing to pay for permits by credit card need to renew prior to September 1, 2017.

Interested in signing up for payroll deduction or need assistance with a renewal? Please contact our office for assistance at wparking@uwo.ca.

Thank you for your support,

Your Western Parking & Visitor Services Team
