

Effective September 1, 2017, Parking Services is changing the process of how permits paid for on payroll deduction are administered.

What's Changing?

Annual permits on continuous monthly payroll deduction will automatically be renewed. You do not have to do anything to renew your permit for the upcoming year.

Renewal is required for permits purchased on a less than annual basis.

When is this effective?

These new changes go into effect **September 1, 2017**

What does it mean for me?

Save time! You no longer have to renew if you hold an annual parking permit paid for by continuous monthly payroll deduction. Your permit is valid for as long as you would like to have it.

Save money! Permit holders save 10% by choosing to pay for their permits through payroll deduction.

Need assistance with a renewal? Please contact our office for assistance at wparking@uwo.ca.

Thank you for your support,

Your Western Parking & Visitor Services Team
