BICYCLE REGISTRATION FORM

Please complete and return to
Campus Community Police Service
Stevenson-Lawson Building, Room 57

- Colour, number of gears, distinguishing marks/scratches, accessories, and value.
- Take a photograph of your bike and retain it with the original receipt.
- Keep all of the bicycle information in a safe place. This will assist police and insurance companies in the event it is stolen.

Your bike can't be returned to you if you can't identify it.

CAMPUS BIKE REGISTRY
Register your bicycle with the Campus Community Police Service. This is a free service. If your bicycle is ever stolen or recovered, having the registration information available will improve the chances of your property being returned. A registration form is attached to this brochure. Campus Community Police Service will provide you with a registration tag to put on your bike. Another police agency finding your bike can call CCPS. We will contact you to let you know where your bike is and how to retrieve it.

For more information contact any police agency or:
Campus Community Police Service
Stevenson-Lawson Building, Room 57
London Ontario

Cyclists must follow the same rules and regulations as motorists. Unfortunately some cyclists do not follow the rules and give ALL cyclists a bad reputation. Increased respect between drivers and cyclists can be achieved through bicycle safety and awareness.

**HERE ARE SOME RULES A CYCLIST MUST FOLLOW:**
- Stop at all stop signs.
- Stop at all red traffic signal lights.
- Give pedestrians the right of way.
- Cycle in the proper direction on roads.
- Keep to the right of traffic, except when making a left turn.
- Signal to indicate lane changes and turns.
- If traveling between sunset and sunrise, your bicycle must have a front white light and a rear red light/reflector.
- A horn/bell must be affixed to the bicycle.
- Children under the age of 18 must wear a bicycle helmet.

**WHEN STOPPED BY POLICE, YOU MUST IDENTIFY YOURSELF.**

**SAFETY TIPS**
- We strongly recommend all cyclists wear an approved bicycle helmet.
- Be visible at all times. Wear bright or reflective clothing when cycling.
- Be a courteous cyclist. **Do not use the pedestrian path or sidewalk**
- Roadways and bicycle paths are specifically designed for your type of vehicle.

Some pathways are now designed for multi-purpose use, warn pedestrians of your approach and always pass cautiously.

**DO NOT STORE BICYCLES IN ANY UWO BUILDING.**
This is against UWO policy and the fire code.

Bicycle racks are located throughout the campus grounds for your use.

**BE CURTEOUS**
Do not store any bicycle, whether secured or not, on any ramp, railing or entrance to any building.
This will impede access to persons with disabilities and may block exits if there is an emergency.

**UWO Police may impound your bicycle and issue a notice of infraction.**

Where there is a special need, building managers and persons responsible for the buildings may grant you written permission to store your bicycle inside the building.

**PROTECT YOUR BIKE**
Invest in a durable lock. Consider purchasing a good quality U-Lock. The better quality lock manufactures offer a theft guarantee. **Potential thieves will target the less expensive locks and the more valuable bicycles.**
Make sure you lock the frame, not just the wheel to the bike rack.

**STEPS TO TAKE**
Record all pertinent information about bicycle. **Example:** serial number, make, model, size,
