CLASS LECTURES
Students are expected to attend class lectures and participate in class discussions. However, class lectures are just an introduction to the topics and arguments in the readings that concern us. It is expected that students will read, analyze, and summarize all class readings on their own, using class lectures as their guide. Doing well in this course requires independent work that goes beyond merely summarizing class lecture material. You must have studied the readings in more depth on your own to do well. Think of your tests along the lines of ‘take-home’ assignments.
that are based on a set of readings that you must largely prepare for on your own.

**IN-CLASS ESSAY-STYLE TESTS**
There will be 2 in-class essay-style tests in this course. Tests will be 1 hour 50 minutes duration. Tests are essay-style and out of 30 full marks. Each single test is worth 30% of the final mark. Tests will consist of a choice of 2 or 3 essay-style questions out of a possible 3 or 4, taken from our weekly topics. Some short answer questions may be included in some versions of the test, in which case there will only be 2 essay-style questions. No warning of this will be given. With proper warning, 1 mandatory essay question may be included in your test. In this case, the subject reading of the question will be announced several weeks before the test. The mandatory question will replace one of the other required essay questions on the test, leaving the general marking scheme unchanged.

**ESSAY TOPICS**
You must select your essay topic from the weekly topics listed in our course schedule of readings. Your essay must reflect appropriate knowledge of general issues and other readings that pertain to your topic. The essay is not a straightforward stand-alone assignment on one reading. The essay must interpret and analyze your topic and at the same time demonstrate knowledge of other, relevant and related class materials. The best way to do this – prove this – is to use citations from other class readings.

The general purpose of your essay is to ‘interpret and evaluate’ the main points and arguments in your chosen essay article. Roughly 70% of your total essay mark will be devoted to the more descriptive interpretive aspects of your essay, while the remaining 30% must be devoted to your own personal evaluation of the essay article. Make sure to include detailed examples taken from course lectures and readings to illustrate your arguments. Your essays will be marked according to the following standardized table, taken from the 2014-2015 Western University Academic Calendar:

University-wide grade descriptors:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Marks</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>90-100</td>
<td>One could scarcely expect better from a student at this level</td>
</tr>
<tr>
<td>A</td>
<td>80-89</td>
<td>Superior work which is clearly above average</td>
</tr>
<tr>
<td>B</td>
<td>70-79</td>
<td>Good work, meeting all requirements, and eminently satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>60-69</td>
<td>Competent work, meeting requirements</td>
</tr>
<tr>
<td>D</td>
<td>50-59</td>
<td>Fair work, minimally acceptable</td>

You will be marked on how well you display philosophical ‘critical thinking’ skills and mastery of your chosen essay topic and its associated readings. While originality is welcome, essays are mostly expected to reflect knowledge and skills acquired through the course and readings. An important aim of the course is to foster philosophical, critical thinking, interpretive, and evaluative skills.
ESSAY FORMATTING REQUIREMENTS
Each essay will be 8-10 pages. Essays must be double-spaced in 12 point font. All pages must be numbered consecutively, except the title page, which counts as ‘0’. The title page should include your name and student number, course name and number, and the essay title. Endnotes may be included on a separate numbered page at the end of your essay. Footnotes in the body of the text are also acceptable. You must include a numbered bibliographical page at the very end of your essay citing the specific readings considered in your essay.

DIRECT CITATIONS IN YOUR ESSAY
You must include up to 10 direct citations, sometimes also called ‘quotations’, in your essay. (I will count them!) These should be taken from the weekly readings you select for your essay. When quoting from those readings you must be careful to format your citations properly. Citation references must take the form: (APA 1999, 153), or (Kendell 2001, 203). The quotes themselves must be enclosed in double quotation marks, except when they are long quotes of more than one sentence, in which case quotes must be indented as separate paragraphs. This is called the “author-date” quotation and citation style. Outside readings and special topics might be considered but require written permission of the instructor.

See Chicago Manual of Style 15th or 16th edition if you need further details. (Available on-line from UWO libraries.) Please be consistent with whatever version or convention of the Chicago Manual you adopt. Essays that do not meet the above criteria will be returned and late penalties will apply. You may lose up to 10 marks for improper or careless essay formatting style: one flaw, one mark. Please consult with a UWO librarian if you need help with essay formatting issues. Note that this is a research component of your essay and entirely your responsibility. Help is available at the Western Student Development Centre’s Learning Help Centre.

LATE ESSAYS AND PENALTIES
Late essays will be penalized one-half letter grade, or equivalent, per day late. Thus, one day late translates to minus one half-letter grade; for example, B+ to B, and so on. All late essays will require a documented excuse from your academic counselor which must be emailed directly to me at charland@uwo.ca. Leave late hard copies at Philosophy Essay Box, Stevenson Hall, Near 1st Floor Elevator.

FILMS
Films will be shown during regular lecture hours and all students are expected to attend. Due to logistical and practical realities surrounding the availability of films, these can only be shown once. The films are designed to enrich your experience of the materials covered in the course. But like guest lectures or other special events, they are a one-time thing. If you miss a film, do your best to discuss the film with friends. Please note that films are not available for lending under any conditions. Some films may be available through the UWO library. Some may be available on You Tube or other public media. Please check your course website or course outline for film titles and film questions before coming to classes in which films are shown (this will be specified in your course schedule). At times, film questions may be introduced at the start of each film session. The viewing of films involves ‘active’ and ‘critical’ watching and listening on your part.
AUDIT
Students wishing to audit the course should consult with the instructor prior to or during the first week of classes.

MENTAL HEALTH AND WELL-BEING
This course deals with some serious and controversial issues in the area of mental health which may be disturbing for some students. Please speak to myself, or your academic counsellor, if you have any concerns about your own mental health and well-being in relation to course content. Western University has excellent Mental Health and Well-Being services available for students in need of additional guidance and support in this area. See Western’s Health and Wellness information webpage at http://www.health.uwo.ca/mental_health/index.html

DEPARTMENT OF PHILOSOPHY POLICIES
The Department of Philosophy Policies which govern the conduct, standards, and expectations for student participation in Philosophy courses is available in the Undergraduate section of the Department of Philosophy website at http://uwo.ca/philosophy/undergraduate/proceduresappeals.html. It is your responsibility to understand the policies set out by the Senate and the Department of Philosophy, and thus ignorance of these policies cannot be used as grounds of appeal.

Students who are in emotional/mental distress should refer to Mental Health@Western http://www.uwo.ca/uwocom/mentalhealth/ for a complete list of options about how to obtain help. Immediate help in the event of a crisis can be had by phoning 519.661.3030 (during class hours) or 519.433.2023 after class hours and on weekends.

THIS OUTLINE AND SCHEDULE MAY BE REVISED WITH PRIOR NOTICE DUE TO CLASS ENROLMENT AND OTHER FACTORS
