

The Department of Physiology and Pharmacology 2012 Winter Seminar Series

January 16	Marianne DeGorter Western Pharmacology Ph.D. Student	<i>"Statin transport by hepatic organic anion transporting polypeptides (OATPs)"</i> Host: R. Kim
January 23	Sarah McLean Western Physiology Ph.D. Student	<i>"Transforming Growth Factor Beta Receptor Partitioning: Molecular Mechanisms and Functional Consequences"</i> Host: J. Di Guglielmo
January 30	Dr. Monica Guzman Robarts Research Institute The University of Western Ontario	<i>"Dissecting the specific contributions of acetylcholine for striatal-dependent behaviour"</i> Host: D. Betts
February 6	Drs. John MacDonald and Andy Babwah Department of Physiology and Pharmacology The University of Western Ontario	<i>"Lab Reports"</i>
February 13	Mike Knauer Western Pharmacology Ph.D. Student	<i>"Involvement of Drug Transporters in Statin Induced-Myopathy"</i> Host: R. Tirona
February 20	No Lecture	Family Day
February 27	Dr. Robert Cumming Department of Biology The University of Western Ontario	<i>"Amyloid beta resistance and the Warburg effect: Re-examining Alzheimer's disease from a cancer perspective"</i> Host: D. Betts
March 5	Dr. Monzur Murshed Department of Medicine and Faculty of Dentistry McGill University	<i>"Genetic determinants of extracellular matrix mineralization"</i> Host: C. Seguin
March 12	Dr. Brian Shilton Department of Biochemistry The University of Western Ontario	<i>"Dynamics and Energetics in Membrane Transport Systems"</i> Host: R.J. Rylett
March 19	Graduate Student Council Department of Physiology and Pharmacology The University of Western Ontario	<i>"Graduate Degrees: Opening Doors to Exciting Careers!"</i> Host: M. Knauer
March 26	Drs. Cheryle Seguin and James Hammond Department of Physiology and Pharmacology The University of Western Ontario	<i>"Lab Reports"</i>
April 2	Dr. Jean Vacher Institut de recherches cliniques de Montréal (IRCM) University of Montreal	<i>"Characterization of Inpp4b as a novel modulator of bone mass in mouse and humans"</i> Host: J. Dixon
April 9	No Lecture	Easter Monday
April 16	Drs. Nica Borradaile and Steve Lomber Department of Physiology and Pharmacology The University of Western Ontario	<i>"Lab Reports"</i>
April 23	Dr. Igor Stagljar Department of Biochemistry & Department of Molecular Genetics University of Toronto	<i>"Protein interaction networks regulating cell signaling in human health and disease"</i> Host: P. Chidiac
April 30	Jamie Park Western Pharmacology Ph.D. Student	<i>"Structure - Function Analysis of Human Nucleoside Transporter Subtype 1: The Roles Cysteine Residues"</i> Host: J. Hammond

All lectures will be held at 4:00 p.m. in Dental Sciences Building, Room 2016

Everyone Welcome – Refreshments Provided

This Seminar Series is Sponsored by the Mogenson Trust.

Schulich School of Medicine & Dentistry
