Date of Interruption/Closure April 26 - May 13, 2016

Time(s): 7:00AM - 5:00PM

Areas Affected: #1 BIOLOGICAL & GEOLOGICAL SCIENCES BUILDING (BGSB) #2 DENTAL SCIENCE BUILDING (DSB), ROBARTS (RRI)
#3 CHEMISTRY BUILDING (CHB) /Addition, BIOTRON BUILDING (BIO) #4 MIDDLESEX COLLEGE (MC)

Areas/Rooms Affected Alternate Route/Service:

Roads and pathways, including loading docks will experience temporary access restrictions. No prolonged closures will occur. Contractor will have Flag Person on site to direct vehicles and people safely around the work areas.

Service to be interrupted: #1 Road restrictions (not closures) (temporary intermittent) #2 Access to loading dock areas (temporary intermittent)
#3 Pathways (not closures) (temporary intermittent) #4

Description/Reason for Project:

Work to remove and replace the current road and pathway lighting systems will begin the week of April 25. This work is a continuation of work last fall which placed the majority of the underground conduits and marked the pole locations. The concrete bases for the pedestrian crossing signals, signal control unit and system power pedestal were also installed last fall. Work in the area will not require a complete road closure as the contractors work will be at the edge of the paths and roadways.
