Project Number: 9D7327	<input checked="" type="checkbox"/> Miniature Attached	Date/Schedule: October 17 - 21, 2016
Project Name: High Voltage Cable Upgrade to East Side of Campus		Time: 07:00 to 17:00

Building(s) Affected: #1 West Valley Building. Working in the vicinity of the building, not in the building	#2
#3 Roberts Research. Working in the vicinity of the loading dock.	#4

Areas/Rooms Affected, Alternate Route/Service:

Stecho HVC will have a line truck working at MH-31 by Roberts loading dock. Access to the loading dock will be maintained throughout the time of work. The contractor will also have cable reels set up by MH-30 in front of the North Substation in proximity to the WVB loading dock entrance. Access to the WVB loading dock will be maintained throughout this work.

Service to be interrupted: #1 No services to be interrupted.	#2
#3	#4

Description/Reason for Project:

This work will introduce a North Substation feeders into the east side of campus. This will improve system capacity and resiliency for the affected buildings.
