

**ACADEMIC PATHOLOGIST/CLINICIAN SCIENTIST
DEPT. OF PATHOLOGY, THE UNIVERSITY OF WESTERN ONTARIO AND AFFILIATED HOSPITALS
LONDON, ONTARIO**

The Department of Pathology, Schulich School of Medicine & Dentistry, at The University of Western Ontario, and its affiliated hospitals are seeking an Anatomical Pathologist for full-time clinical academic appointment to The University of Western Ontario. Applicants should be certified, or eligible for certification, in Anatomical Pathology by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD or equivalent, and must be eligible for Licensure in the Province of Ontario. Rank will be determined by experience and qualifications at the time of appointment.

It is expected that the successful candidate will develop an independent and innovative research program in basic science or clinical science or in translational science and obtain external funding. Applicant must provide evidence to show their commitment for current and future academic activities. Dept. will provide support with appropriate resources. S/he will also participate in the clinical work of the Department of Pathology and Laboratory Medicine at London Health Sciences Centre as well as carry out teaching responsibilities at the undergraduate, graduate and at the postgraduate level. Developed subspecialty interest and expertise in head and neck and soft tissue or breast pathology would be an asset. Alternatively, the candidate should be willing to develop expertise in this area. The salary and benefit package is highly competitive and attractive.

As one of Canada's largest acute care teaching hospitals, London Health Sciences Centre (LHSC) cares for the most medically complex and critically ill patients in the region. LHSC encompasses South Street Hospital, University Hospital, Victoria Hospital and Children's Hospital. The Department of Pathology & Laboratory Medicine (PALM) at LHSC provides a comprehensive range of routine and specialized laboratory testing and clinical consultation to support diagnosis and monitor treatment of patients within London, Southwestern Ontario, nationally and internationally. In addition, PALM provides educational training opportunities for a broad range of health care professionals.

The Department of Pathology at The University of Western Ontario has a long history of strength and excellence in many areas of diagnostic service, teaching and research. The Department of Pathology has 37 faculty members and it is one of 22 departments in the Schulich School of Medicine & Dentistry (<http://www.med.uwo.ca>). The Department of Pathology provides an environment conducive to career and personal development. With full time enrollment of about 25,000, The University of Western Ontario provides full range of academic and professional programs. The university campus is located in London, a city of 350,000, located midway between Toronto and Detroit. With parks, tree-lined streets and bicycle trails, London is known as the "Forest City". London boasts an international airport, galleries, theatre, music and sporting events as would be expected of a larger center (see www.city.londonon.ca).

Applicants should apply in writing, enclosing their curriculum vitae, the names of three referees and a summary of their research project outline to:

Dr. Subrata Chakrabarti, Chair/Chief, Department of Pathology
Schulich School of Medicine & Dentistry, The University of Western Ontario
Dental Sciences Building, Room DSB 4045
London, Ontario, Canada N6A 5C1
(admin.pathology@schulich.uwo.ca)

Applications will be accepted until the position is filled. Positions are subject to budget approval. Applicants should have fluent written and oral communication skills in English. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. The University of Western Ontario is committed to employment equity, welcomes applications from all qualified women and men, including visible minorities, aboriginal people and persons with disabilities.
