

SOGS Health and Dental Plan Corrections Notice

The SOGS Health and Dental Plan has a "blackout period" which applies to all services, including prescription drugs, during the first few weeks of the academic year (September 1, 2008 to October 6, 2008). Students requiring services during this period will need to pay for the service in full and bring their claim forms to the SOGS Office. All claim forms will be forwarded to the insurance company as soon as our Member list is updated.

We have a blackout period because the student list for the Fall term is not available from the Registrar's Office until October 1, 2008. In addition, we have a 30-day window during which students may opt into or out of the plan. Thus, our final list of plan members is not complete until we have received the list of current students and updated it with those who have opted into or out of the plan.

We apologize for communicating incorrect information in our recent publications and further apologize for any inconvenience that may have occurred as a result.
