439-1661 (Shoulder Conference-  
SJHC) (\$120/night)

# The Rotator Cuff

Assessment, Differential  
Diagnosis, Surgical Management  
and Rehabilitation

Physiotherapy  
Department  
and the Hand  
and Upper  
Limb Centre

Friday April 20, 2012

## COURSE DESCRIPTION

This is a one day course for health professionals that focuses on rotator cuff pathology.

Hand and Upper Limb Centre surgeons and physiotherapists will share their expertise on the rotator cuff with an opportunity to view a live rotator cuff repair surgery.

A comprehensive physical examination of the shoulder and treatment guidelines post-surgically will be reviewed from a physiotherapist's perspective.

Additionally, a rheumatic view of the shoulder, nerve considerations and options for end-stage rotator cuff disease including the reverse total shoulder arthroplasty will be discussed.

Brochure can be accessed at:  
<http://www.uwo.ca/surgery/plastics/HULC/>
