

# The Roth McFarlane Clinical Excellence Fund

**THE ROTH-MCFARLANE CLINICAL EXCELLENCE FUND** honours the visionary clinical and research leadership of the late Drs. James Roth (1951-2013) and Robert McFarlane (1927-2006) in establishing St. Joseph's specialized Hand & Upper Limb program. It provides funding for projects in research, education or the provision of specialized medical equipment that advances research knowledge and/or clinical practice.

Gifts to the fund can be made in person to the St. Joseph's Health Care Foundation, or at [www.sjhcfoundation.org](http://www.sjhcfoundation.org). All gifts honour the legacy of Drs. Roth and McFarlane and the family will be notified of such gifts if the donor so chooses. Legacy gifts and other gifts of assets can also be accepted by the Fund and are critical to assuring the future of the Centre's clinical and research mandate.

*Dr. Roth was a leading orthopaedic surgeon specializing in hand surgery, while Dr. McFarlane was a Canadian pioneer in plastic surgery and hand surgery.*

Renowned for compassionate care, St. Joseph's is one of the best academic health care organizations in Canada dedicated to helping people live to their fullest by minimizing the effects of injury, disease and disability through excellence in care, teaching and research.
