

## Request to Enrol in Graduate Course Outside Home Program

Graduate students wishing to take a graduate course that is offered in a program other than their home program must get approval from the program offering the course.

Once the approval is given, the **home** program will enrol the student in the course.

This approval may be verbal or, if preferred by the Graduate Programs, this form may be used.

One copy of this form will remain with the offering program and the other will be submitted to the student's home program.
