CHRONES, Tom -- Research Technician, Physiology and Pharmacology	
	I have been a part of Western's research community for over 15 years. As a research technician I have the opportunity to contribute to the growth of scientific knowledge and the education of young minds by assisting with scientific experiments and providing technical support. I hope the seat in the University Senate will allow me the opportunity to voice my and my colleagues' positions on the matters that affect us.
MCINTOSH, Scott -- Operations Assistant, Great Hall Catering	
	I look forward to representing the Administrative Staff on Western's Senate. I have worked in a number of positions at the University including Housing, the Faculty of Science, and Great Hall Catering. I have also been extensively involved with UWOSA, and believe that all staff deserve a strong voice on Senate to advocate on their behalf regarding issues which will impact them.
NEMIROVSKY, Shari -- Team Leader, Admissions, Office of the Registrar	
	I am very excited at the possibility of representing administrative staff on Senate. Having worked in a few Departments within the Office of the Registrar, including Student Central and Continuing Studies at Western, I have had the opportunity to see firsthand how items passed through Senate impact the University community as a whole. Those decisions affect staff as well as former, current and potential students and I would be proud to represent you as a Senate member.
