## FERNANDES, Michael – King's University College

I am in my third year of Financial Economics at King's University College. I have considerable club experience, and now sit on multiple club executives. I believe wholeheartedly in Western's potential as a worldclass institution. I am eager to defend the rights of affiliate students as their senator.

## KAUR, Nikki – Huron University College

## McDONALD, Domonic – King's University College

As a King's student, soph, and student councillor, I am passionate about working with students. I want to work with the Affiliate Community to ensure that affiliate students are aware of the decisions brought to the University Senate that can and will impact their quality of life and education here at Western. I hope to keep affiliate students in the loop on these key issues so that we as a collective student body can respond!

**MULLINS, Austin – Huron University College**

I am running to represent Huron, Brescia, and King's in the Senate so that I may affect positive change during my time at Western. I want to foster a community of discussion and transparency where it concerns the decisions that can have such lasting effects on the affiliate community and do everything in my power to lend a voice to those affiliate students who are all too often unheard by the Western community at large.

**PANARELLO, Esme – Brescia University College**

I am running for Student Senator because I value the importance of advocating and serving the greater Western community. Being Senator is a learning opportunity that allows input on policies that effect the success of our students. As an Affiliate Senator, I will give an active voice to my Huron, Brescia and King's peers. I hope to not only represent HBK, but to engage in dialogues of positive change for all students.

**RADOCCHIA, Paul – King's University College**
