

Senate Elections: Faculty – Science constituency

The following faculty members have been nominated for the Science constituency on the Senate (term from July 1, 2015 – June 30, 2017). The statements and photos of candidates, if available, have been included below.

1. **BANERJEE**, Neil – Earth Sciences
2. **HUANG**, Yining – Chemistry
3. **MACFIE**, Shelia – Biology

BANERJEE, Neil

HUANG, Yining

Yining Huang joined Western faculty in 1997 and was promoted to Professor in 2002. He held a Tier 2 Canada Research Chair from 2002-2012. He is currently the Chair of Chemistry Department. He is particularly interested in strategic and budgetary issues concerning post-secondary education, Western's research profile, internationalization, and the issues concerning Science. As a Senate member, he would strive to ensure that Senate's decisions duly reflect the experiences of Western faculty and students.

MACFIE, Sheila

I am an associate professor in the Department of Biology. I served two consecutive terms on Senate, ending June 30, 2013 and at various times was an active member of the following Senate subcommittees: Operations and Agenda, Teaching Awards (SUTA), Graduate Program Review (SUPRG), Review Board Academic (SRBA), and the Nominating Committee (for which I served as Chair for two years). I look forward to returning to Senate as a Science representative and to resuming service on some of its subcommittees.
