My name is Lauren Kim and this past year I had the opportunity to act as councillor on the Social Science Student Council and USC. There, I was exposed to the process by which student legislation is formed and developed a passion for student advocacy. Through student feedback, I have learned about the needs of our student body and you can entrust me to pursue our future in academia to the best of my ability.

I am a 4th year BMOS student doing a honours specialization in accounting with a minor in history. I live my life by the following 4 principles: Freedom, Fairness, Accountability and Respect.
MINGLE, Thomas  – Social Science – Political Science

Thomas Mingle is currently in his 2nd year of Political Science. In his past experiences, he has held a senator position for the Niagara Catholic District School Board's Student Senate. Additionally, he has served as a member of Ontario’s Minister's Student Advisory Council and the Niagara Falls Mayor's Youth Advisory Committee. In the community, Thomas has helped coordinate a local benefit concert for Parkinson’s disease and currently serves as an intramural ice hockey captain.

ORR, Ian  – Social Science – International Relations

I’m running because I want to see accountability restored in Westerns academic system. This year, it was clear that a disconnect is still present between Westerns academic policy’s and student’s interests. I want to make sure that academic policies take into account the mental and physical well-being of students, while still balancing a first rate education. If elected, I will continuously work towards incorporating student voices into Westerns academic policy.

YOUSAFZAI, Shaha  – Social Science – International Relations

As a student in the Social Science faculty, I believe it is our duty to take part in the decisions that impact our academic success – both here at Western, and beyond. As a senator for Social Science, I hope to reflect the needs of undergraduates in the faculty, and to serve as their voice for the greater Western academic community.
