

REPORT OF THE SENATE COMMITTEE ON ACADEMIC POLICY AND AWARDS

(SCAPA)

Undergraduate Program Reform: Regulations

Undergraduate Program Reform: New Modules for September 2004

Report on Scholarships and Awards

FOR APPROVAL

1. **Undergraduate Program Reform: Regulations**

Recommended: That Senate approve the policies on the structure of the undergraduate degree as outlined in Appendixes 1 and 2, effective September 1, 2004.

Background:

Attached for approval are:

Appendix 1: Policies on the Degree Structure, including Admission, Faculty of Registration, First year, Modules, Modular Combinations and Overlaps, Progression, Residency Requirements, Graduation, Post-Degree Modules, and Second Degrees.

Appendix 2: Specific Graduation Requirements

Attached for information are:

Appendix 3: Glossary of terms

Appendix 4: Regulations which Senate approved on the Undergraduate Program Reform in April 2003.

Contingent on approval of the attached, a number of policies will be subsumed by the new regulations. As a result, the following regulations will be withdrawn, effective September 1, 2008:

First-Year Program (S.02-038)

Senior Courses - Registration for Part-time Students (S.89-178)

Faculty of Registration (S.97-117)

Honors Programs, i.e., Faculty of Registration for Combined Honors Programs (S.147.1)

Distinction Between Honors/General Programs and Courses For the Faculties of Arts, Kinesiology, Music, Science and Social Science (S.1226)

Graduation Requirements for Three-year Degrees (S.98-171)

Graduation Requirements: Four-year General BA in Arts (S.02-10)

Graduation Requirements - Four-year General BSc Computer Science (S.94-260)

Four-year General BSc Computer Science with Software Engineering Specialization (S.99-73)

Graduation in Honors Programs (S.89-177)

Registration in Honors Programs, i.e., Residency Requirements for Honors students (S.93-303)

Double Undergraduate Degrees (S.01-73b)

Double Undergraduate Degrees - Concurrent Degrees Program (S.95-53)

Kinesiology: Three-year BA Program (S.92-42); BA Honors Kinesiology with an Area of Concentration in Another Discipline (S.94-112); Four-year BA Honors Kinesiology Program (S.92-42); Four-year BSc Honors Kinesiology Program (S.92-38)

2. **Undergraduate Program Reform: Introduction of New Modules in September 2004**

Recommended: That Senate approve, effective September 1, 2004, the introduction of the Honors Specialization, Major, Specialization and Minor modules listed in **Appendix 5**.

Background:

Appendix 5 completes the list of Undergraduate Reform Program modules to be introduced in September 2004. These will be added to the modules approved at the September meeting of Senate on the SUPR website: <http://www.uwo.ca/univsec/SUPR/>.

As noted at the last meeting of Senate, the calendar copy for these modules may have editorial amendments which will be kept up to date on that website, however, the traditional deadline for changes to the calendar for SUPR and through DAP will freeze further changes as of **November 1**.

FOR INFORMATION

1. **Report on Scholarships and Awards**

SCAPA has approved on behalf of the Senate the following Terms of Reference for new scholarships and awards for recommendation to the Board of Governors through the Vice-Chancellor:

Dr. P. C. (Raju) Shah Summer Clinical Training Experience in Pathology/Laboratory Medicine (Faculty of Medicine & Dentistry)

Awarded to a first or second year medical student who applies for a summer training opportunity in the Department of Pathology/Laboratory Medicine. The successful student and faculty supervisor will commit to a training experience allowing the student to gain exposure to pathology and laboratory medicine by participating in departmental activities (such as gross pathology, microscopy, autopsy pathology) and attending rounds. The student will also be given an opportunity to participate in an interesting clinical project. A Selection Committee within the Department of Pathology will choose the recipient. This opportunity is provided by a gift from Dr. Pravin C. Shah through Foundation Western.

Value: The Dr. Pravin C. Shah Fund will provide approximately \$2,000 annually. This amount will be supplemented through other donations or departmental funding to achieve the required full funding of \$4,048 for a summer research training experience in Pathology, which is the rate currently set by the Canadian Institutes of Health Research (CIHR).

Effective: May 2003

Gregory Purchase OSOTF MBA Award (Faculty of Graduate Studies, Business)

Awarded to a full-time student entering the MBA program based on academic achievement (minimum 78% average) and financial need. The award will continue in MBA Year 2 provided that the student maintains an average above 78% and demonstrates financial need. Candidates will be invited to submit their applications upon admittance into the MBA program at the Richard Ivey School of Business. The MBA Scholarship Review Committee, with at least one representative who is a member of the Faculty of Graduate Studies, will select the award recipient. This award was established by the Purchase Family in memory of Gregory Purchase (MBA '56).

Value: 1 at \$4,250, continuing for 2 years

Effective: May 2004

This award is offered through the Ontario Student Opportunity Trust Fund (OSOTF) program, and recipients must meet Ontario residency requirements.

Hughes McKellar Rural Southwestern Ontario Medical Residency Award (Faculty of Medicine & Dentistry)
Awarded to a student in Year 4 of the Medicine program specializing in Family Medicine, who has confirmed his or her participation in the Southwestern Ontario Medical Residency program under the Southwestern Ontario Medical Education Network (SWOMEN) at Western. In addition, the successful student will embody the ideal characteristics of a physician as outlined in the Medical Undergraduate Education Objectives. Preference will be given to students who originate from a rural area as defined by the Progression, Awards and Appeals Committee, particularly students who originate from Kincardine, Ontario, then Bruce, Grey or Huron Counties. The award will be granted at the Medicine Convocation ceremony each year. This award was established by Miss A. Margaret Hughes through Foundation Western.

Value: 1 at \$5,000
Effective: May 2004

STRUCTURE OF THE DEGREE

First Year Program

Students registering in first year general programs must choose courses that fulfill the basic requirement of 5.0 courses numbered 001-099. Students are encouraged to take an essay course in first year. At least 1.0 course from each of two of the Faculties of Arts, Science and one other faculty must be included.

A student may not register for a full program of senior courses (numbered 100 - 499) until the 5.0 courses of first year have been completed satisfactorily.

Students are responsible for choosing courses that fulfill the prerequisites for senior courses (numbered 100 - 499). Specific prerequisites are included in the individual course descriptions listed in the UNDERGRADUATE COURSE INFORMATION. If in doubt, students should seek appropriate counselling and consult directly with the Department(s) concerned. Prospective first year students should seek help in choosing courses during the Summer Academic Orientation.

Part-time students who have completed 1.0 first year course are eligible to register in senior courses (numbered 100 - 499) for which they have completed the prerequisite(s). However, part-time students who have a substantial background and interest in a particular subject area are, on written recommendation of the Dean of their Faculty, eligible to register in a senior course (numbered 100 - 499) pertinent to that subject prior to the completion of a first year course. All part-time students must successfully complete the 5.0 courses of the first year program within their first 10.0 courses attempted.

First Year Courses

First year courses are grouped into five divisions: Arts, Science, Social Science, Multidisciplinary, and "Other".

Faculty of Registration

First-year students will normally be enrolled in a First Year program in their Faculty of Registration e.g. Arts, Health Sciences, Information and Media Studies, Engineering, Music, Science, Social Science and Affiliated Colleges.

In subsequent years, normal entrance requirements apply for placement in modules and programs. The essential module(s) for the degree will determine the Faculty of Registration. Students registered in Double Majors or Double Minors including modules offered by two different Faculties in Arts, Science or Social Science must choose one of the two Faculties as their Faculty of Registration. Students registered in Double Majors or Double Minors including modules offered by one of certain Faculties such as Health Science or Information and Media Studies must register in that Faculty.

The Degree Structure

The Modules

There are four possible modules of study which may be entered after First Year:

- ❖ Honors Specialization (9.0 or more specified courses)
- ❖ Specialization (9.0 or more specified courses)
- ❖ Major (6.0 -7.0 specified courses)
- ❖ Minor (4.0 -5.0 specified courses)

The modular degree structure affords the opportunity to combine various subjects from different departments and Faculties. The chart below shows how modules can be combined in the three different types of degrees offered. The modules taken must fit within these degree structures. Departments, Schools, Faculties and Affiliated Colleges may offer some or all of the above modules. See Faculty and Department listings for details. Combinations other than those listed below have not been approved; consequently, they may not be taken. Enrolment in some modules may be limited.

X (Essential Modules) X (Additional Modules)

The Honors Bachelor Degree - (20.0 Courses)

15.0 courses after first year, including at least an Honors Specialization or a Double Major, as follows:

- ❖ **Honors Specialization module (9.0 or more)**
This may be combined with a Major module or a Minor module or option(s).
- ❖ **Major module (6.0 -7.0) plus a Major module (6.0 -7.0) plus option(s) (3.0 - 1.0)**
This combination requires **two** Major modules.

The Bachelor Degree (Four-Year) - (20.0 Courses)

15.0 courses after first year including at least a Specialization module or a Major module, as follows:

- ❖ **Specialization module (9.0 or more)**
This may be combined with a Major module or a Minor module or option(s).
- ❖ **Major module (6.0 -7.0) plus a Major module (6.0 -7.0) plus option(s) (3.0 - 1.0)**
- ❖ **Major module (6.0 -7.0) plus Minor(s) modules(s) or option(s).**
- ❖ **Major module (6.0 -7.0) plus options**

The Bachelor Degree (Three-Year) - (15.0 Courses)

10.0 courses after first year including at least a Major module or Double Minors, as follows:

- ❖ **Major module (6.0 - 7.0) plus option(s)**
- ❖ **Major module (6.0 - 7.0) plus a Minor module (4.0-5.0)**
- ❖ **Minor module (4.0 - 5.0) plus a Minor module (4.0 - 5.0) plus option(s) (2.0 - 0)**
This combination requires **two** Minor modules

Notes on the Modules:

Module Combinations and Overlap

Modules in the same discipline may not normally be combined: e.g. An Honors Specialization module in Sociology may not be combined with a Major module or a Minor module in Sociology. However, if a Department offers modules with different titles e.g. Sociology and Criminology, the possibility for combination is at the discretion of the Department and Faculty concerned.

Modules require specific courses, some of which may be common to other modules. Students who wish to combine modules containing the same courses must consult the Department(s) and Faculty concerned to see if such overlap is permitted.

NOTE: Some degrees limit the number of courses which may be taken in one subject.

Cross Disciplinary

A Cross Disciplinary Major module consists of 6.0 senior courses (numbered 100 - 499) approved by the student's Dean's Office. Only available in the Bachelor of Arts Degree (Three-Year). Not offered in the Bachelor of Science degree.

Undeclared Status

Second year students who are taking prerequisite course(s) for a specific module may be registered temporarily in an Undeclared Status within a Three-Year Bachelor Degree only. This status is available only in the Faculties of Arts, Science, Social Science and the Affiliated Colleges. Students progressing into third year must meet the requirements to enter a module. Transfer and Readmitted students who are admitted to an Undeclared Status must consult their Faculty regarding eligibility for specific modules. It is not possible to graduate with a Three-Year Bachelor Undeclared Degree.

The Honors Bachelor Degree (Four-Year)

The Honors Bachelor Degree (Four-Year) must include at least an Honors Specialization module or Double Major modules. Registration in an honors degree usually begins in the second year, but admission may be gained in the third or fourth year provided the student has fulfilled the Year 1 principal course requirements and has achieved a minimum cumulative modular average of 70% with no mark less than 60% in the courses of the module and a passing grade in each option. Enrolment in some modules is limited and meeting the minimum requirements does not guarantee that students will be offered enrolment. Students intending to proceed to a 4-year Honors degree should consider the degree requirements when selecting courses in first, second and third years. Four-Year Honors degree programs are composed of not fewer than 20.0 successfully completed courses required for the degree. Students admitted with advanced standing to an honors program are required to complete a minimum of 10.0 courses offered by The University of Western Ontario or one of the Affiliated Colleges.

Honors Specialization Module

Admission Requirements

Completion of First Year requirements, including the principal courses specified by the Department. These principal courses must be completed with a minimum average of 70% and a minimum mark of 60% in each. The remaining First Year courses must be completed successfully. Enrolment in some modules may be limited.

Progression Requirements

For progression in an Honors Specialization module, a student must earn a minimum cumulative modular average of 70%, a minimum mark of 60% in each course of the module and a passing grade in each option.

Higher progression standards may be required in some modules. Refer to individual Department listings.

In exceptional circumstances, a student who earns a minimum cumulative modular average of 68%, with a minimum mark of 60% in each course of the module and a passing grade in each option, may be permitted to progress by special permission of the Dean on the recommendation of the Department concerned.

Students who fail to meet the progression requirements in an Honors Specialization may be eligible to continue in the Bachelor Degree (Four-Year) in either a Specialization module or a Major module.

Graduation Requirements

Students must meet all graduation requirements for the Honors Bachelor Degree (Four-Year). For complete graduation requirements refer to the "Graduation Regulations" section.

Double Major Modules

Admission Requirements

Completion of First Year requirements with at least 3.0 principal courses, including the courses specified for each of two Major modules. If fewer than 3.0 courses are specified, the best additional first year course(s) will be included in the total of 3.0. In some combinations, more than 3.0 specific courses will be required as principal courses. The principal courses must be completed with a minimum average of 70% and a minimum mark of 60% in each. The remaining First Year courses must be completed successfully. Enrolment in some modules may be limited.

Progression Requirements

For progression in an Honors Double Major, a student must earn a minimum cumulative modular average of 70%, a minimum mark of 60% in each course of the module and a passing grade in each option. The modular average for each Major will be calculated separately.

Higher progression standards may be required in some modules. Refer to individual Department listings.

Students who fail to meet the progression requirements of an Honors Double Major may be eligible to continue in the Bachelor Degree (Four-Year) in either a Specialization module or Major module(s).

Graduation Requirements

Students must meet all graduation requirements for the Honors Bachelor Degree (Four-Year). For complete graduation requirements refer to the "Graduation Regulations" section.

The Bachelor Degree (Four-Year)

The Bachelor Degree (Four-Year) must include at least a Specialization module or at least one Major module. Registration in the Bachelor Degree (Four-Year) usually begins in the second year, but admission may be gained in the third or fourth year. Students intending to proceed to a Bachelor Degree (Four-Year) should consider the degree requirements when selecting courses in

first, second and third years. Bachelor Degree (Four-Year) programs are composed of not fewer than 20.0 successfully completed courses required for the degree. Students admitted with advanced standing to a Bachelor Degree (Four-Year) are required to complete a minimum of 10.0 courses offered by The University of Western Ontario or one of the Affiliated Colleges. Enrolment in some modules may be limited.

Specialization Module

Admission Requirements

Completion of First Year requirements, including the principal course(s), specified by the Department with a minimum mark of 60% in each of these course(s). Higher standards may apply to some modules. Refer to Departmental listings. Enrolment in some modules may be limited.

Progression Requirements

For progression in a Specialization module, a student must meet the minimum Progression Requirements to continue at the University. See "Progression Requirements" on page * of this Calendar.

Higher progression standards may be required in some modules. Refer to individual Department listings.

Graduation Requirements

Students must meet all graduation requirements for the Bachelor Degree (Four-Year). For complete degree requirements, refer to the "Graduation Regulations" section.

Major Module

Admission Requirements

Completion of First Year requirements, including the principal course(s), specified by the Department(s) with a minimum mark of 60% in each. Higher standards may apply to some modules. Refer to Departmental listings. Enrolment in some modules may be limited.

Progression Requirements

For progression in a Major module, a student must meet the minimum Progression Requirements to continue at the University. See "Progression Requirements" on page * of this calendar.

Higher progression standards may be required in some modules.

Graduation Requirements

Students must meet all graduation requirements for the Bachelor Degree (Four-Year). For complete graduation requirements, refer to the "Graduation Regulations" section.

The Bachelor Degree (Three-Year)

The Bachelor Degree (Three-Year) must include at least one Major module or at least two Minor modules. Registration in the Bachelor Degree (Three-Year) usually begins in the second year, but admission may be gained in the third year. Students intending to proceed to a Bachelor Degree (Three-Year) should consider the degree requirements when selecting courses in first and second years. Bachelor Degree (Three-Year) programs are composed of not fewer than 15.0 successfully completed courses required for the degree. Students admitted with advanced standing to a Bachelor Degree (Three-Year) are required to complete a minimum of 5.0 senior courses (numbered 100 - 499) offered by The University of Western Ontario or one of the Affiliated Colleges. Enrolment in some modules may be limited.

Major Module

Admission Requirements

Completion of First Year requirements, including the principal course(s), specified by the Department with a minimum mark of 60% in each. Enrolment in some modules may be limited.

Progression Requirements

For progression in a Major module, a student must meet the minimum Progression Requirements to continue at the University. See "Progression Requirements" section.

Higher progression standards may be required in some modules. Refer to individual Department listings.

Graduation Requirements

Students must meet all graduation requirements for the Bachelor Degree (Three-Year). For complete graduation requirements, refer to the "Graduation Regulations" section.

Double Minor Modules

Admission Requirements

Completion of First Year requirements, including the principal course(s), of each of **two** Minor modules with a minimum mark of 60% in each principal course. Enrolment in some modules may be limited.

Progression Requirements

For progression in Double Minor modules, a student must meet the minimum Progression Requirements to continue at the University. See "Progression Requirements" on page * of this Calendar.

Higher progression standards may be required in some modules. Refer to individual Department listings.

Graduation Requirements

Students must meet all graduation requirements for the Bachelor Degree (Three-Year). For complete degree requirements refer to the "Graduation Regulations" section.

Additional Modules

Major and/or Minor modules may be taken in addition to the essential modules for the degree in accordance with the degree structure outlined previously. Combinations other than those listed in the “Degree Structure” section have not been approved; consequently, they may not be taken. Students graduating with an additional Major or Minor module within their degree must successfully complete the additional module with a minimum average of 60%.

Post-Degree Modules

After graduation with an undergraduate degree, students may complete additional Major and/or Minor modules(s) without completing a second degree. Completion of Post-Degree modules will be recognized only by a notation on the student’s transcript. A Post-Degree module must be in a different subject area, not included in the undergraduate degree. Students must complete the total number of courses required for this additional module. For example, to complete a Post-Degree Minor module, students must successfully complete at least 4.0 courses after graduation. Students must consult the Dean’s Office of the Faculty in which the module is offered for permission to register in a Post-Degree module.

Second Degree (Excluding Professional Degrees)

1. Honors Bachelor Degree :

Students may upgrade to an Honors Bachelor degree in one of two ways:

1) They may upgrade their Minor, Major or Specialization module(s) in a Bachelor degree (Three or Four-Year) to an Honors Specialization module in an Honors Bachelor degree or they may upgrade their Minor or Major module(s) in a Bachelor degree (Three or Four-Year) to Double Major modules in an Honors Bachelor degree.

Or

2) They may pursue a new Honors Specialization module in a different subject or Double Major modules in different subjects than those of the previous degree.

All students must complete all outstanding degree requirements in addition to the requirements of the Honors Specialization or Double Major modules chosen.

The following regulations apply to previous University of Western Ontario graduates and graduates of other accredited Universities:

a) Graduates of the University of Western Ontario:

Students who have completed a three or four-year bachelor degree at the University of Western Ontario may either upgrade to an Honors Bachelor degree or complete the requirements for a different Honors Bachelor degree at the discretion of the department and Faculty concerned. Students must consult the appropriate department(s) or Faculty for assessment of their transcript. They will be considered for a specific Honors Specialization module or Double Major modules in an Honors Bachelor degree if they have met all admission requirements. Meeting minimum admission requirements does not guarantee entrance to an Honors Bachelor degree. The department(s) or Faculty will take into account courses from the first degree and prescribe the courses to be completed. At least 5.0 senior courses offered by the University of Western Ontario will be required and some departments may require more than this number. In addition, the majority of the courses for the Honors Specialization module or for each of the Major modules must be completed through the University of Western Ontario.

b) Graduates of other accredited Universities:

Students who have completed a degree from another accredited University must apply for admission to the University of Western Ontario as a Special Student and then, follow the procedure outlined in part "a" above to request a second degree (Honors Bachelor). Students may either upgrade to an Honors Bachelor degree or complete the requirements for a different Honors Bachelor degree at the discretion of the department(s) and Faculty concerned. Graduates of other accredited Universities must also meet the University of Western Ontario residency requirements by completing a minimum of 10.0 senior courses at the University of Western Ontario with honors standards. The majority of the courses for the Honors Specialization module or for each of the Major modules must be completed through the University of Western Ontario.

Notes:

Students applying to upgrade their previous degree conferred under the "old" University of Western Ontario regulations should consult their Faculty regarding permissible upgrades. Students whose previous degree is a professional degree (BA Honors Business Administration, BEd, BSc, BFA, BMus, BMusA, BA(HEc), BSc(HEc), BSW(Hons), DDS, LLB, MD, MDiv, MTS) should consult the "Sequential Degree" section for information.

2. Bachelor Degree (Four-Year):

Students may upgrade to a Bachelor Degree (Four-Year) in one of two ways:

1) They may upgrade their Major or Minor module(s) in a Bachelor degree (Three-Year) to a Specialization module or Double Major modules.

Or

2) They may upgrade to a Bachelor degree (Four-Year) by taking a different Major module, Double Major modules or Specialization module.

All students must complete all outstanding degree requirements for the Bachelor degree (Four - Year) in addition to meeting the specific requirements of the module(s).

The following regulations apply to previous University of Western Ontario graduates and graduates of other accredited Universities:

a) Graduates of the University of Western Ontario:

Students who have completed either a Bachelor degree (Three-Year) or a Bachelor degree (Four-Year) at the University of Western Ontario may apply to upgrade to a Bachelor degree (Four-Year) at the discretion of the department(s) and Faculty concerned. Students must consult the appropriate department(s) or Faculty for assessment of their transcript. The work required will not be fewer than 5.0 senior courses and the majority of the courses for the new modules must be completed through the course offerings of the University of Western Ontario.

b) Graduates of other accredited Universities:

Students who have completed the equivalent of a Bachelor degree (Three-Year) at another accredited University must apply for admission to the University of Western Ontario as a Special Student and then, follow the procedure outlined in part “a” above to request a second Bachelor degree (Four-Year). These students must also meet the University of Western Ontario residency requirements by completing a minimum of 10.0 courses at the University of Western Ontario including all of the required courses for the module(s) chosen.

Notes:

Students applying to upgrade their previous degree conferred under the “old” University of Western Ontario regulations should consult their Faculty regarding permissible upgrades.

Students whose previous degree is a professional degree (BA Honors Business Administration, BESC, BFA, BMus, BMusA, BA(HEc), BSc(HEc), BSW(Hons), DDS, LLB, MD, MDiv, MTS) should consult the “Sequential Degree” section for information.

Second Degree (When One Degree is a Professional Degree)

Professional Degrees: BA Honors Business Administration, BESC, BFA, BMus, BMusA, BA(HEc), BSc(HEc), BSW (Hons), DDS, LLB, MD, MDiv, MTS

1. Sequential Degree

❖ Students Who Have Completed a Professional Degree and are Seeking a 3 or 4 Year Bachelor degree or an Honors Bachelor's degree

Students who have been awarded a professional degree by this or another accredited university may be granted advanced standing for a maximum of 10.0 courses toward fulfillment of graduation requirements for a 3 or 4 Year Bachelor degree, or a 4 year Honors Bachelor degree. Consult the Faculty offering the second degree.

❖ **Students Who Have Completed a 3 or 4 Year or Honors Bachelor Degree and Are Seeking a Professional Degree**

Students who have received a 3 or 4 Year or Honors Bachelor Degree from this or another accredited university may be granted advanced standing toward a professional degree. Consult the Faculty offering the professional degree.

❖ **Students Who Have Already Completed a Professional Degree and are Seeking a Second Professional Degree.**

Students who have already received a professional degree from this or another accredited university may be granted advanced standing towards the fulfillment of graduation requirements of a second professional degree. Consult the Faculty offering the professional degree.

2. Concurrent Degrees - One Professional and One Bachelor Degree Taken at the Same Time

Students who are currently registered in a professional degree may apply for permission to register concurrently in a Bachelor degree. Tuition fees applicable to the professional degree will be assessed and primary registration will reflect the Faculty offering the professional degree.

Students must consult the Dean's office of both Faculties for permission to register in, progress in and graduate with a second undergraduate degree with an Honors Specialization, Specialization or Major module.

A complete statement by the Dean of the Faculty offering the 3 or 4 Year Bachelor or Honors degree must be forwarded to the student, with a copy to the Office of the Registrar specifying:

- a. The courses that may be credited towards both degrees to a maximum of 10.0, with no more than 5.0 courses from faculties other than Arts, Health Sciences (excluding Nursing), Information and Media Studies, Science and Social Science.
- b. The number and kind of courses required to complete graduation requirements for the second degree including all senior courses for the Honors Specialization, Specialization or Major.
- c. These Concurrent Degree regulations do not apply to Senate approved Combined or Joint degrees.

NOTE:

In the case of professional degrees for which normal admission requires one or two years of study in a Bachelor degree, the courses taken as part of such a degree must be included among the 10.0 courses double credited towards both degrees.

Students are encouraged to obtain academic counselling from the Dean of each Faculty during the course of their concurrent degree. Students who fail to meet the progression requirements of either degree will be required to withdraw from the concurrent degree.

3. Combined / Joint Degrees

❖ Students who wish to complete Combined or Joint Degrees

Combined or Joint Degrees are Senate approved degrees created by two Faculties where one or both degrees are professional degrees. Normally, these academic options are listed within Departmental or Faculty degree availability sections. Some examples are as follows:

Bachelor of Engineering and Bachelor of Laws
Bachelor of Medicine and Doctor of Philosophy

GRADUATION REGULATIONS

Graduation Requirements for Honors Bachelor Degrees (Four-Year), Bachelor Degrees (Four-Year) and Bachelor Degrees (Three-Year)

Graduation Requirements for Honors Bachelor Degrees (Four-Year)

Effective September 1, 2004, as a result of the Undergraduate Reform, the requirement for graduation from the Honors Bachelor degree is successful completion of 20.0 courses subject to the following general conditions and the specific conditions established by each Faculty or Affiliated College.

General Requirements

First Year Requirements

Satisfactory completion of 5.0 courses numbered 001-099. At least 1.0 course must be selected from each of two of the Faculties of Arts, Science and one other faculty. The 5.0 courses must include at least four different subjects with no more than 2.0 courses in one subject.

Module Requirements

The Honors Bachelor Degree (Four-Year) must include at least an Honors Specialization module or Double Major modules. The Honors Specialization module or each Double Major module must be completed with a minimum cumulative average of 70% and a minimum mark of 60% in each course of the module. Any additional Major or Minor modules taken within the degree must be completed with a minimum cumulative average of 60%. In exceptional circumstances, a student who completes the Honors Specialization module with an average of at least 68% and a mark of at least 60% in each course of the module may graduate with an Honors degree only with the permission of the Dean on the recommendation of the Department concerned. No concessions are allowed for average and mark requirements for graduation with Double Major modules in an Honors Bachelor degree.

The majority of the courses in each module must be completed through The University of Western Ontario.

Average Requirements

Minimum mark and average requirements must be met for each module. See "Module Requirements" above.

A mark of at least 50% must be achieved in each of the 20.0 courses used to fulfill graduation requirements.

An overall average of at least 65% must be achieved in the 20.0 successfully completed courses used to fulfill graduation requirements.

Senior Course Requirements

At least 13.0 senior courses (numbered 100 - 499) must be completed satisfactorily.

Essay Course Requirements

Satisfactory completion of at least 2.0 designated essay courses, at least 1.0 of which must be senior (numbered 100 - 499). The 2.0 essay courses must be completed through The University of Western Ontario or through one of its Affiliated Colleges.

Exception: Students who are admitted with 10.0 advanced standing credits are required to complete 1.0 designated senior essay course (numbered 100 - 499) through The University of Western Ontario or one of the Affiliated Colleges.

Residency Requirements

Of the 20.0 required courses used to fulfill graduation requirements, a minimum of 15.0 courses must be completed through The University of Western Ontario or one of the Affiliated Colleges. A maximum of 5.0 courses may be taken at another university on a Letter of Permission or on Exchange.

Exception: Transfer students who are admitted with advanced standing must complete a minimum of 10.0 courses including at least 5.0 senior courses (numbered 100 - 499) through The University of Western Ontario. The majority of courses in each module must be completed through The University of Western Ontario or one of the Affiliated Colleges.

Additional Requirements for the Honors Bachelor of Science Degree

For the Honors Bachelor of Science Degree, the general requirements listed above for Honors Bachelor Degrees must be met, in addition to the following Science course requirements:

Science Course Requirements:

Of the 20.0 courses required for the Honors Bachelor of Science Degree, at least 11.0 must be from the offerings of the Faculty of Science.

Glossary

Adjudication

A period of academic assessment by the departments, Faculties and Affiliated Colleges concerned to determine a student's eligibility for admission to, progression in, or graduation from requested degree and module choices.

There are two periods of adjudication: May--assessment of a student's final grades from the Winter term; August--assessment of a student's final grades from the Summer term.

Breadth Requirements

Requirements to ensure that students are exposed to different disciplines within their degree. Please refer to "Graduation Regulations".

Essay Courses

A Western course may be designated as an essay course if it has a significant writing component (defined by Senate) involving written assignments (essays or other appropriate prose composition, excluding examinations) to demonstrate the student's competence in essay writing.

Designated essay courses are identified by the suffixes as follows: E (essay 1.0 course) ; F (first term essay 0.5 course); G (second term essay 0.5 course); Z (essay 0.5 course). Example: Political Science 020E.

For essay requirements in an Honors Bachelor, Bachelor (Four-Year), or Bachelor (Three-Year) degree, please refer to the "Graduation Regulations" section for each degree.

Faculty

Unit composed of one or more related academic departments headed by a Dean.

Examples: Arts, Science, Social Science, Health Sciences, Information and Media Studies.

Module Information

Module

A structured set of courses specified by a Department, Faculty or Affiliated College to fulfil the requirements of an Honors Specialization, Specialization, Major or Minor.

Honors Specialization Module

An Honors Specialization module is comprised of 9.0 or more courses designated by a Department, Faculty or Affiliated College. This module is available only in an Honors Bachelor Degree (Four-Year).

Specialization Module

A Specialization module is comprised of 9.0 or more courses designated by a Department, Faculty or Affiliated College. This module is available only in the Bachelor Degree (Four-Year).

Major Module

A Major module is comprised of 6.0 or 7.0 courses designated by a Department, Faculty or Affiliated College. This module is available in each of the following degrees:

Honors Bachelor Degree (Four-Year)

For a Major to be part of the Double Major in an Honors Bachelor Degree, a student must meet the performance standards defined under the Admission, Progression and Graduation requirements for the Honors Bachelor Degree. See "Double Major Modules" in "The Degree Structure" Section

Bachelor Degree (Four-Year)

Bachelor Degree (Three-Year)

Minor Module

A Minor module is comprised of 4.0 or 5.0 courses designated by a Department, Faculty or Affiliated College. A degree with a single Minor is not available. A Minor may be combined with another Minor in a Bachelor Degree (Three-Year) or a Minor module may be taken as an additional module within each of the following degrees:

Honors Bachelor Degree (Four-Year)

Bachelor Degree (Four-Year)

Bachelor Degree (Three-Year)

For details see “The Degree Structure” Section

Additional Modules

Extra modules which are taken within the degree but not essential for the degree, e.g, Honors Specialization with (an additional) Minor.

Post-Degree Module

A Major or Minor module which is completed after graduation. Recognition will be given on the transcript for Post-Degree modules. A second degree is not conferred.

Modular Average

The average on the courses which are required in a specific module. This cumulative average will be calculated each year and will include all courses in the module that have been completed successfully. Refer to individual modules for specific courses.

Options

Courses that are not required as part of a module within a degree but are required to complete the total number of course needed for a degree.

Principal Course

A first year course that is listed by a department offering a module as a requirement for admission to the module. For admission to an Honors Specialization module or Double Major modules in an Honors Bachelor degree, at least 3.0 courses will be considered principal courses.

Residency Requirement

Rules relating to the number and type of courses that must be taken at Western to earn a Western degree and that, thereby, limit the number of courses that may be credited from another academic institution.

For additional listings, please refer to the INDEX at the back of the Calendar.

Undergraduate Reform Policies *[approved by Senate on April 11, 2003]*

The following Undergraduate Reform regulations for undergraduate degrees and programs be approved, effective September 1, 2004.

NOTE: A student must complete either all “old” or all “new” Reform degree/program regulations as outlined below. It is not possible to combine requirements of both “old” and “new” degrees/programs.

The following Undergraduate Reform regulations for undergraduate degrees and programs become effective September 1, 2004:

- 1) A student who has not been registered in the University prior to September 1, 2004, must register under the new Undergraduate Reform regulations.
- 2) A student who has completed fewer than 3.0 courses at the University prior to September 1, 2004, must register in the new Undergraduate Reform degrees/programs.
- 3) A student who has completed at least 3.0 courses at the University prior to September 1, 2004, and who is eligible to register in a degree/program, may choose to register in either the “old” or Reform degrees/programs during the 2004-05 Fall Winter term. However, if a student registers in an “old” degree/program, graduation under these regulations must take place no later than the Autumn 2008 Convocation.
- 4) During the 2004-05 Fall Winter term, a senior student who is registered at Western in a degree/program offered prior to this term may choose to continue under the “old” regulations until graduation, provided that graduation under these regulations takes place no later than the Autumn 2008 Convocation.
- 5) During the 2004-05 Fall Winter term, a student who was previously enrolled in a BA Undeclared designation may choose either the “old” or Reform degrees/programs. However, if a student enrolls in an 'old' degree/program, graduation under these regulations must take place no later than the Autumn 2008 Convocation.

Degrees/programs which existed prior to September 1, 2004, and have been replaced under the Undergraduate Reform Regulations will become inactive Summer 2005, meaning that no new registrations will be allowed.

“Old” degrees/programs not replaced under the Undergraduate Reform regulations will only be inactivated upon instructions to Senate from a Faculty, School or Affiliated College.
