Pedal Point/Pivot Point
Visual Arts Graduate Student Conference

Johns Labatt Visual Arts Centre

February 15th

Admission by Donation

Registration: 8:30

Speakers: 9:00-12:00 (*Craig Buckley, Paola Poletto, Dana Samuel, Olexander Wlasenko*)

Roundtable Discussion: 2:00-4:00

Pedal Point/Pivot Point aims to expose the road blocks one experiences in pursuing professional employment in the arts. This pair of terms describes the flexibility of the navigating subject, the means by which the subject pursues his or her own ends amid fluctuating trends in the art world by employing institutional resources in creative ways.

Though this conference is addressing professional employment in the arts we encourage participation from graduate students in other areas of study. It is our belief that their involvement will enrich our understanding of the continuities and discontinuities between graduate work and professional practice and underscore the increasing importance of *interdisciplinary knowledge* in ensuring the success of this transition.
