Celebrating 150 Years of Canada and the World

As part of Canada 150 and International Week celebrations, Western will unveil an original work of art and premiere five six-minute works written by Don Wright Faculty of Music PhD student composers.

The unique work of art by Western Visual Arts student, Paul Chartrand, is the result of a campus-wide competition held earlier in 2017.

The original music compositions were commissioned by the School of Graduate and Postdoctoral Studies. Featured performer: Anita Krause, mezzo-soprano.
