**Course Description:**  
This course provides students with an introduction to the foundations of art history through a focus on the historical and present-day relationships between art, science and technology. Using images, texts, podcasts and videos, the basis for understanding characteristic ways of knowing generated by various forms of inquiry will be examined. Ranging from crossovers between art historians and archeologists in the investigation of European Ice Age cave art, through to collaborative work being done by contemporary biologists and artists, students will be invited to explore the connections of art, science and technology. From theory, to history, to criticism and analysis, students will become familiar with the disciplinary differences and similarities intrinsic to organizing and making sense of image and objects within the contexts of production, reception and circulation.  

**Learning Outcomes:**  
This course is designed to assist you in gaining:  
- knowledge about the relation of art to science and technology in a series of diverse historical contexts  
- familiarity with terminology, methods and theories employed in the study of art and recognizing differences and similarities to those employed in the study of science and technology  
- competency in the ability to communicate orally and in writing the knowledge you have acquired in the course  

**Required Readings and Podcasts:**  
All required readings and podcasts are posted on OWL/Sakai Course site:  
[https://owl.uwo.ca/portal](https://owl.uwo.ca/portal)  
You access this site by using the same ID and password as your UWO email account.  

**Additional Resource:** A digital copy of Grant Pooke and Diana Newall’s *Art History: The Basics* (Routledge 2008) is available through Western Libraries:

A student who misses more than 15% of the course hours, without written corroboration for health or bereavement, can be debarred from writing final exams, or participation in final studio evaluations. Note that if a student consistently is absent from a 3-hour class for 1 hour, they will exceed the 15% cutoff and can be debarred.

Prerequisites:
You are responsible for ensuring that you have successfully completed all course prerequisites and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are not eligible for a course, you may be removed from it at any time, and you will receive no adjustment to your fees. These decisions cannot be appealed.

Plagiarism:
Plagiarism, which may be defined as “The act or an instance of copying or stealing another's words or ideas and attributing them as one's own,” will not be tolerated. (Citation excerpted from Black’s Law Dictionary, 1999, 7th ed., p.1170). (Refer to http://www.westerncalendar.uwo.ca/2017/pg113.html with regards to academic penalties for plagiarism.) This includes presenting the visual or aural work of another creator as your own. Visual or Aural Plagiarism may involve both hand-based media such as drawing, painting, printmaking and sculpture, as well as digital media such as photography, video and sound. It includes work subsequently manipulated or transferred between different media, as well as self-plagiarism – work submitted for assignments previously produced and graded for another course. Similar to textual plagiarism, all student work involving the visual or aural work of others must be appropriately cited/identified whether in print or orally. Failure to do so will lead to similar academic penalties as those identified in Western’s Academic Calendar.

Medical Policy:
Students seeking academic accommodation on medical grounds for any missed tests, exams, participation components and/or assignments worth 10% or more of their final grade must apply to the Academic Counselling office of their home Faculty and provide documentation. Academic accommodation cannot be granted by the instructor or department. See course outline for specific arrangements regarding less than 10% of assignments.
