

# Biology MSc-PhD transfer application

Name:

Date entered program:

**Peer-reviewed publications** (including those in progress and submitted, from your current MSc only)

Use the following format:

Solo, H. & Skywalker, L. (1985) An analysis of the vulnerability of moon-based security systems. *Journal of Death Star Research* 16: 253-241.

*Provide the draft manuscript for any in progress papers, or the submission acknowledgement email for submitted manuscripts.*

**Conference presentations** (include only those that contained your current MSc work)

Use the following format:

Skywalker, L. & Vader, D. (1982) Is carbonite a viable cryopreservation medium? Society for carbonite research annual meeting. Banff, AB, Canada. [Poster]

Please restrict your answers to the following questions to your time in your **current** graduate degree.

**Please list your service involvement beyond the requirements of your degree during your MSc.**

e.g. committee membership, volunteering, conference organization etc.

**Please list your mentoring or leadership activities during your MSc.**

e.g. mentoring undergraduates, initiating events or organisations, leading grant applications or research projects.

**Please list any current (or completed during your current degree) side projects and collaborations on publishable research that would not be included in your MSc thesis.** Indicate if this has yielded a publication or presentation.

**Please list any outreach/communication involvement during your MSc.**

e.g. public lectures, outreach events, professional social media profile, teaching or presentation awards

**Please list any awards and/or scholarships you have received during your MSc.**

e.g. Presentation awards from conferences, NSERC CGS-M, TA awards, Donor awards

**Research productivity prior to current MSc**

Include all publications and presentations that arose from work before your MSc, using the formats above.
