Candace Brunette-Debassige
Special Advisor to the Provost
(Indigenous Initiatives)
PhD candidate in the
Faculty of Education

Indigenizing the Academy through Teaching and Learning

With growing calls to Indigenize Canadian universities, Indigenous students and curriculum are on the rise bringing unique perspectives, identities and ways of knowing into university classrooms across disciplines. This session will share Western's Indigenous strategic vision for Indigenous education, and offer important insights into Indigenizing, decolonizing and reconciling the university across disciplines.
