

# Schedule

FRIDAY, JUNE 14, 2013		
7:00pm - 10:00pm	<b>Social Evening at the Graduate Student Pub</b>	Middlesex College
SATURDAY, JUNE 15, 2013		
7:30am - 8:30am	<b>Registration and Continental Breakfast</b>	Western Science Centre (outside Room 55)
8:30am - 9:00am	<b>Opening Ceremonies</b>	Western Science Centre Room 55
9:00am - 10:30am	<b>A Call for a Multidisciplinary Approach to Teaching with the Neurosciences and Cognitive Sciences in the Lead</b> <i>Sidney Strauss, Tel Aviv University</i>	Western Science Centre Room 55
	<b>How Our Genes Listen to the Environment</b> <i>Marla Sokolowski, FRSC, CIFAR, University of Toronto</i>	
10:30am - 11:00am	<b>Break</b>	Physics and Astronomy Atrium
11:00am - 12:30pm	<b>Brain Plasticity from the Perspective of Single Neurons</b> <i>Adi Mizrahi, The Hebrew University of Jerusalem</i>	Western Science Centre Room 55
	<b>Understanding the Effects of Experience on Speech Perception in Infancy</b> <i>Janet Werker, FRSC, CIFAR, The University of British Columbia</i>	
12:30pm - 2:00pm	<b>Networking Lunch</b>	Physics and Astronomy Atrium
2:00pm - 3:30pm	<b>Predispositions and Plasticity in Auditory Learning: Neural Correlates and Implications</b> <i>Robert Zatorre, McGill University</i>	Western Science Centre Room 55
	<b>Adaptive Cortical Plasticity in the Developing Brain Following Sensory Loss</b> <i>Stephen Lomber, Western University</i>	
3:30pm - 4:00pm	<b>Break</b>	Physics and Astronomy Atrium
4:00pm - 5:30pm	<b>Learning with Negative Reinforcement: The Good, the Bad, and Neural Mechanisms</b> <i>Rony Paz, Weizmann Institute</i>	Western Science Centre Room 55
	<b>From Perceptual Learning to Cognitive Training</b> <i>Merav Ahissar, The Hebrew University of Jerusalem</i>	
5:30pm - 6:45pm	<b>Poster Session</b>	Physics and Astronomy Atrium
7:00pm - 10:00pm	<b>Banquet</b>	Great Hall - Somerville House

## Partners & Sponsors

This event is brought to you by:

**Western**  
The Brain and  
Mind Institute

**CIFAR**  
CANADIAN  
INSTITUTE  
FOR  
ADVANCED  
RESEARCH

SUNDAY, JUNE 16, 2013		
8:00am - 9:00am	<b>Continental Breakfast</b>	Western Science Centre (outside Room 55)
9:00am - 10:30am	<b>Experience and the Developing Prefrontal Cortex</b> <i>Bryan Kolb, FRSC, CIFAR, University of Lethbridge</i>	Western Science Centre Room 55
	<b>Enhancing Cognitive Function Via Memory Consolidation</b> <i>Kobi Rosenblum, University of Haifa</i>	
10:30am - 11:00am	<b>Break</b>	Western Science Centre (outside Room 55)
11:00am - 12:30pm	<b>The Proactive Brain: Predictions in Visual Cognition</b> <i>Moshe Bar, Bar-Ilan University</i>	Western Science Centre Room 55
	<b>Coping with Frustration at Preschool Age - Neural Correlates of Inhibitory Control while Experiencing Frustration, and Maternal Biological vs. Environmental Influences</b> <i>Andrea Berger, Ben-Gurion University of the Negev</i>	
12:30pm - 2:00pm	<b>Networking Lunch</b>	Physics and Astronomy Atrium
2:00pm - 3:00pm	<b>Discussion on Current Issues in “Brain Plasticity, Learning, and Education”</b> <i>Moderator: Daniel Ansari, Western University</i> <i>Participants: Avishai Henik, Linda Siegel, Sidney Strauss and Adi Mizrahi</i>	Western Science Centre Room 55
3:00pm - 3:45pm	<b>Critical Periods Re-examined: Evidence from Children Treated for Dense Cataracts</b> <i>Daphne Maurer, FRSC, McMaster University</i>	Western Science Centre Room 55
3:45pm - 4:15pm	<b>Break</b>	Western Science Centre (outside Room 55)
4:15pm - 5:45pm	<b>Paths to Orienting of Attention</b> <i>Avishai Henik, Ben-Gurion University of the Negev</i>	Western Science Centre Room 55
	<b>Early Identification and Intervention to Foster Literacy Development and Prevent Reading Problems</b> <i>Linda Siegel, The University of British Columbia</i>	
5:45pm - 6:00pm	<b>Closing Remarks</b>	Western Science Centre Room 55
