

CBM Coffee Talk Breaks

The Western Centre for Brain and Mind welcomes all members to our Tuesday and Friday morning Community Coffee Talk Breaks!

Hosted by our members, these breaks start at 10:30 am and are held in the 4th floor lunchroom, WIRB 4190.

The coffee talk breaks are an excellent opportunity for CBM

community members to drop-in
enjoy the dissemination of
research with our coffee talks,
take part in networking and build
opportunities for collaborations in
cognitive neuroscience.

*The Centre for Brain and Mind is located in the Western Interdisciplinary Research Building
at Western University*
