POLICIES AND PROCEDURES:
1. Students should note that missed quizzes will be counted as zeroes. Make-ups will be granted only if you contact the instructor in advance or within 24 hours. The make-up will be scheduled as soon as possible after the missed quiz or assignment, usually before the next class.
2. Those who miss classes or parts of classes remain responsible for material they have missed. Students are encouraged to form study groups in order to assist each other in preparing for tests and for discussion of assigned readings.
3. There is no extra credit in this course; there will be no re-weighting of the course components.

CLASS COMMUNICATION:
Class will be notified of any class cancellations, room changes and other special announcements via the course website on OWL.

NOTE FROM THE DEAN OF ARTS and HUMANITIES: You are responsible for ensuring that you have successfully completed all course prerequisites and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are not eligible for a course, you may be removed from it at any time, and you will receive no adjustment to your fees. These decisions cannot be appealed.
PLAGIARISM: Students must write their essays and assignments in their own words. Whenever students take an idea, or a passage of text from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Using texts written by an artificial intelligence generative system as one’s own also falls under the definition of plagiarism (e.g., by entering a prompt into an artificial intelligence tool, such as ChatGPT, and using the output in a paper). Plagiarism is a major academic offence (see Scholastic Offence Policy in the Western Academic Calendar).

SCHOLASTIC OFFENCES:
In this course, students are permitted to use AI tools (such as Chat GPT) exclusively for information gathering and preliminary research purposes. These tools are intended to enhance the learning experience by providing access to diverse information sources. However, it is essential that students critically evaluate the obtained information, exercise independent thinking, and engage in original research to synthesize and develop their own ideas, arguments, and perspectives. The use of AI tools can serve as a starting point for exploration, however students are expected to uphold academic integrity by appropriately attributing all sources and avoiding plagiarism. Assignments should reflect the students’ own thoughts and independent written work. By adhering to these guidelines, students contribute to a responsible and ethical learning environment that promotes critical thinking, independent inquiry and allows them to produce original written contributions.

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site: http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

STATEMENT ON THE USE OF PLAGIARISM-CHECKING SOFTWARE: All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).

ACADEMIC CONSIDERATION FOR ABSENCES
Please note that Western’s policy on academic consideration is currently being reviewed and may change before this course begins. The policy as it is now can be found here:
https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf

Students seeking academic consideration for any missed tests, exams and/or assignments worth 10% or more of their final grade must apply to the Office of the Dean (i.e., an academic counsellor) of their home faculty and provide documentation. Academic consideration cannot be granted by the instructor or department.

In addition to applying to the Office of the Dean of their home faculty, students seeking academic consideration must communicate with their instructors no later than 24 hours after the end of the period covered by the Student Medical Certificate, or immediately upon their return following a documented absence.
