Colloquium Series

ALAMOS
GOLD INC.
CAMPUS EVENT

1:30 PM TO 2:30 PM

FRIDAY OCTOBER 24

FUEL UP WHILE YOU NETWORK—FOOD'S ON US!

 **BIOLOGICAL & GEOLOGICAL SCIENCES BUILDING**
Room 0153

Alamos Gold's campus visit aims to connect with students interested in exploring meaningful career opportunities within the mining industry. Through this session, representatives from our operations and talent attraction team will share insights into our new 12–16 month internship program and other student opportunities —designed to give students real-world experience, mentorship, and exposure to projects that directly contribute to our mine sites and corporate initiative.

Beyond recruitment, this visit also serves to raise awareness of Alamos Gold as a destination employer for students seeking hands-on learning, professional growth, and a supportive, safety-focused workplace. Attendees will gain an understanding of the wide range of disciplines across our Canadian operations and how early career talent plays a vital role in shaping the future of sustainable mining at Alamos.
