

Academic Orthopaedic Knee Sport Medicine Surgeon
Department of Surgery, Division of Orthopaedic Surgery
Western University
London Health Sciences Centre (LHSC), St. Joseph's Health Care London (SJHC)

Posting Date: October 3, 2024

Position Profile: A Full-time Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Full Professor, depending upon experience and qualifications at the time of appointment. The Division of Orthopaedic Surgery is affiliated with London Health Sciences Centre and St. Joseph's Health Care London and is presently comprised of 32 surgeons with busy clinical practices. The Division has a strong clinical research interest and is an accredited Royal College training program. This position is a collaborative position between Western University and the Fowler Kennedy Sports Medicine Clinic.

Academic and Clinical Expectations: The successful candidate must have a strong interest in the comprehensive treatment of knee injuries, including cartilage injuries, patellofemoral instability and multiligament knee injuries. The candidate will also be responsible for coverage at London Health Sciences Centre, University Hospital. The successful candidate must be interested in pursuing a strong academic career and will be expected to participate actively in the Division's academic, research and education initiatives including teaching and supervision of undergraduate students, postgraduate trainees and fellows. Applicants considered at the rank of Associate or Full Professor must have demonstrated the ability to publish in the highest quality academic and subspecialty outlets and be a recognized expert in their field of research.

Qualifications: The successful candidate must have an MD or equivalent as well as an advanced degree; have completed an accredited orthopaedic surgery training program; and completed additional fellowship training concentrated in the field of sports medicine. The successful candidate must have demonstrated clinical experience in complex knee reconstruction; possess a strong interest in research; and be eligible for licensure in the Province of Ontario.

Compensation Details: Compensation for this position will be commensurate with qualifications and experience and will be primarily composed of the following sources: Fee for service (OHIP billings), Alternative Funding Plan, academic salary, and specialty review funding.

The City: London, Ontario. London is Canada's 10th largest city with a population of 400,000, a catchment area of 2 million, and is situated in southwestern Ontario between Toronto and Detroit. The region has a diverse economy and excellent educational opportunities. It is a safe and diverse city and its numerous parks, trails, recreational, cultural and sporting opportunities make it an attractive place to live.

The University: Western University is a research-intensive university with full-time enrolment of about 34,000 students with a full range of academic and professional programs. The Schulich School of Medicine & Dentistry provides an outstanding educational experience within a research intensive environment where tomorrow's physicians, dentists and health researchers learn to be socially responsible leaders in the advancement of human health.

To apply: Applications will be accepted until the position is filled. Review of applications will begin after November 3, 2024 with an anticipated start date of January 1, 2025 or as negotiated.

Interested candidates are to provide the following as part of their application package:

- a letter of interest
- a statement of academic qualifications
- curriculum vitae,
- the names and addresses of three references (must be individuals who have worked with the applicant within two years with one reference being a direct supervisor)

- a complete application form, located at:

London Health Sciences Centre: With roots dating back a century and a half, London Health Sciences Centre (LHSC) is one of Canada's largest research-intensive acute tertiary and quaternary care teaching hospitals. LHSC is also home to Children's Hospital, one of just four acute tertiary care paediatric hospitals in the province, and the Nazem Kadri Surgical Centre – Ontario's first high-efficiency ambulatory surgical centre that includes orthopaedic sports, foot and ankle, and orthopaedic trauma surgeries. Attracting top clinicians and researchers from around the globe, LHSC is London's largest employer with a 15,000-person strong team that excels in providing specialized care for more than one million patients visits each year. This includes specialized orthopaedic surgery for both adult and paediatric patients, inclusive of hip and knee reconstruction, spine, sports medicine, foot and ankle, and orthopaedic trauma. A leading academic health organization, LHSC is committed to collaborating with patients, families and system partners to deliver excellent care experiences and outcomes, educate the health-care providers of tomorrow, and advance new discoveries and innovations that optimize health and wellbeing for all.

Applications are to be provided electronically to:
