

**Limited Term Faculty Position in Histology & Anatomy
Department of Anatomy & Cell Biology
Schulich School of Medicine & Dentistry
Western University, London Ontario Canada**

The Department of Anatomy & Cell Biology at Western University invites applications for a limited-term, teaching-intensive faculty position at the rank of Assistant or Associate Professor in the area of Histology & Anatomy. This position is expected to start September 1, 2022 and salary will be commensurate with qualifications and experience. The initial appointment will be up to 5 years with the possibility of renewal.

Applications will be considered from qualified applicants with a PhD, MD or DDS (or equivalent) degree, with a strong background and demonstrated excellence in both classroom and laboratory teaching of histology, embryology, gross anatomy, neuroanatomy and pedagogy. Experience with human histology and cadaveric laboratory teaching is essential, and experience with course development and online teaching would be an asset. Candidates will be expected to be able to integrate the basic anatomical sciences into both clinical and research contexts, coordinate/instruct in upper year undergraduate and graduate courses in the basic sciences, medical and/or dental education curriculums. The successful candidate will also help develop graduate research projects in clinical anatomy that complement existing research strengths in the Department and will be expected to actively engage in collaborative and/or independent research activities related to the anatomical sciences and/or the scholarship of teaching and learning.

The Department of Anatomy & Cell Biology is a multidisciplinary basic science department within the Schulich School of Medicine & Dentistry at Western University. The Department fosters world-class research and teaching in Clinical Anatomy, Cell Biology, and Neurobiology with productive academic and research collaborations with other Departments at Western, affiliated hospitals and research institutes in London and worldwide. Current areas of research focus in Clinical Anatomy include education scholarship and clinically-applied anatomical research. The Department has a strong graduate program consisting of both Clinical Anatomy and Biological Research streams and an innovative undergraduate Honours program in Medical Cell Biology. In addition, the Department provides teaching to medical, dental, science and health science students through undergraduate programs in the Schulich School of Medicine & Dentistry, and the Faculties of Science and Health Sciences. Additional information about the Department can be found on the [Anatomy & Cell Biology website](#).

Western is one of Canada's leading research-intensive universities, and the Schulich School of Medicine & Dentistry has a long history of excellence in basic biomedical, applied and clinical research. Western has a full range of academic and professional programs for over 37,000 undergraduate and graduate students (see www.uwo.ca to learn more). The university campus is in London, Ontario, with a metropolitan census of approximately 530,000, located midway between Toronto and Detroit. London boasts an international airport, galleries, theatre, music and sporting events and is located close to several lakes and facilities for outdoor activities (www.goodmovelondon.ca). Western's Recruitment and Retention Office is available to assist in the transition of successful applicants and their families to the university and city.

Interested candidates should submit the following:

- (1) A *curriculum vitae*;
- (2) A brief teaching dossier that includes a statement of teaching philosophy and examples of teaching innovation and/or curriculum development (5 pages maximum);
- (3) An outline of past and proposed scholarly activities;

- (4) The names of four referees, one of whom should be a current or former student; and
(5) A completed Western Full-Time Faculty Application form found here:
<https://www.uwo.ca/facultyrelations/pdf/full-time-application-form.pdf>.

Please send completed application packages as a single compiled PDF to:

Dr. Alison Allan, Chair
Department of Anatomy & Cell Biology
c/o Karyn Bailey
