

Applications are invited for an exceptional candidate in the area of **Engineering Leadership and Innovation** in the John M. Thompson Centre for Engineering Leadership and Innovation, Faculty of Engineering. The successful applicant will receive a three (3) – year Limited Term appointment at the rank of Lecturer or Assistant Professor. The rank and salary will be commensurate with the successful applicant's qualifications and experience.

The Centre is seeking an energetic and dynamic candidate who will be able to contribute to the Department's teaching activities in the broad area of engineering leadership, with a particular focus on the [Ivey leader character framework](#). The successful candidate will serve as an instructor for our undergraduate and graduate courses in the area of engineering leadership and may also be required to teach other courses that could include innovation, entrepreneurship, engineering ethics, engineering communication or engineering design.

Applicants for this position must have a bachelor's degree in Engineering (e.g., B.A.Sc., B.Eng) or equivalent and a master's degree in a related field, plus either a PhD degree in an Engineering field or have extensive experience as a practicing engineer. An ideal candidate would have had diverse career experience in engineering and leadership. The candidate should provide evidence of teaching at a university level in engineering leadership and innovation. The candidate will also be expected to participate in the normal administrative, educational and professional activities of the Centre, Faculty and University.

The candidate must either be registered as a Professional Engineer in Ontario or must meet the eligibility requirements to register immediately as a Professional Engineer in Ontario.

Situated along the banks of the Thames River in picturesque London, Ontario, a city with a population of approximately 400,000, Western University is a prominent academic institution routinely ranked as a top research-intensive university in Canada and is committed to excel as a leading research institution internationally.
