

Applications are invited for an exceptional candidate in the area of **Structural Engineering** in the Department of Civil & Environmental Engineering, Faculty of Engineering, effective July 1, 2022, or as soon as possible thereafter. The successful applicant will receive a one-year, Limited Term appointment at the rank of Assistant Professor. Salary will be commensurate with qualifications and experience.

The Department is seeking an energetic and dynamic candidate who will be able to contribute to and complement the Department's teaching activities in the broad area of Structural Engineering. The highly qualified individual will be responsible for teaching six courses at the undergraduate and graduate levels with flexible assignment in the area of Structural Engineering. Successful candidates must have a first degree (BASc., B.Eng., or Equivalent in Civil Engineering) and a Ph.D. degree in Engineering in the area of Structural Engineering (or a related discipline). The candidate should provide evidence of teaching at the university level and will be expected to teach a variety of courses in the broad area of structural engineering. In addition, the candidate will be expected to participate in the normal administrative, educational, and professional activities of the Department, Faculty and University. PEng designation is required for this appointment.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff, and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social, and cultural growth in order to better serve our communities.

Western University has a full-time enrollment of about 32,000 students in a range of academic and professional programs. Further information about Western can be found at <http://www.uwo.ca/>, the Faculty of Engineering at <http://www.eng.uwo.ca/>, the Department of Civil and Environmental Engineering at <http://www.eng.uwo.ca/civil/>. Western Engineering's Mission, Vision and Values can be found at <https://www.eng.uwo.ca/files/departments-units/human-resources/values-mission-statement.pdf>. Western's Recruitment & Retention Office is available to assist in the transition of successful applicants and their families.

The Department of Civil & Environmental Engineering is one of the top civil engineering programs globally [ranked # 1 in Canada and among the top 20 in the world for five consecutive years in the Academic Ranking of World Universities] with a strong international reputation in both research and teaching. We have an established international reputation in geotechnical, environmental, structural and wind engineering. Our success in attracting students and funding is based on our dedication to excellence in teaching and research. The department's research strength is supported by unique research facilities and centers such as the Boundary Layer Wind Tunnel Laboratory, the Wind Engineering Energy and Environment (WindEEE) Research Institute, the Geotechnical Research Center, and the Institute of Catastrophic Loss Reduction.

If you share our commitment to excellence in teaching, and are eager to pursue a rewarding academic career, please send (i) a detailed curriculum vitae, (ii) a description of teaching experience and philosophy, (and (v) the names of three referees. Applications should be sent to:

**Dr. Ashraf El Damatty, Chair**  
**c/o Edona Berani, Administrative Officer,**  
**Department of Civil and Environmental Engineering, Faculty of Engineering at Western**  
**University, London, Ontario, Canada N6A 5B9 Email: [eberani@uwo.ca](mailto:eberani@uwo.ca)**
