Position Profile: The Department of Medicine, Division of Cardiology, Schulich School of Medicine & Dentistry, at Western University, London Health Sciences Centre and St. Joseph's Health Care is seeking physicians for full-time clinical academic appointment to Western University. Applicants should be certified, or eligible for certification, in Cardiology by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. Applicants for this position will also have a commitment to and demonstrated aptitude for teaching and will be expected to teach at the undergraduate and graduate levels and to supervise graduate trainees. Experience with clinical research and ongoing interest in collaborating with colleagues or leading clinical research projects to enhance research productivity in the Division would be a welcome asset. Consideration of applicants will include an assessment of previous performance, qualifications which go beyond the requirements for the position, and experience. Rank and term of appointment, either as a Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, will depend upon qualifications and experience at the time of appointment.

Academic and Clinical Environment: The Division of Cardiology is well-recognized and respected both nationally and internationally. The Division’s 30 physicians provide secondary, tertiary and quaternary cardiovascular services for the City of London, Southwestern Ontario and beyond. The Division has the largest Royal College Subspecialty Training Program in the Department of Medicine. Research expertise within the Division is extensive.

Qualifications: The Division of Cardiology is requesting applicants for an Interventional Cardiologist/Clinician Teacher or Researcher position. Candidates must have additional skills enhancing our current clinical program. In particular, formal advanced training in complex interventions with and without hemodynamic support, chronic total occlusions and structural heart disease intervention is required. Strong preference will be given to applicants with a business degree of MBA or higher with an interest in healthcare economics. The successful candidate must be able to develop business plans for advanced coronary interventions to assist hospital administration and Local Health Integration Network in their implementation. The successful applicant will also be capable of leading and producing quality research in high-risk coronary intervention and have a demonstrated track record of leadership and proctoring within the interventional cardiology community.

Compensation Details: Compensation for this position will be commensurate with qualifications and experience and will be primarily composed of the following sources: fee for service (OHIP billings), Alternative Funding Plan, and academic salary.

The City: London, Ontario. London is Canada's 10th largest city with a population of 400,000, a catchment area of 2 million, and is situated in Southwestern Ontario between Toronto and Detroit. The region has a diverse economy and excellent educational opportunities. It is a safe and diverse city and its numerous parks, trails, recreational, cultural and sporting opportunities make it an attractive place to live.

The University: Western University is a research-intensive university with full-time enrolment of about 34,000 students with a full range of academic and professional programs. The Schulich School of Medicine & Dentistry provides an outstanding educational experience within a research intensive environment where tomorrow's physicians, dentists and health researchers learn to be socially responsible leaders in the advancement of human health.
To apply: Applications will be accepted until the position is filled. Review of applications will begin after October 14, 2018 with an anticipated start date of March 1, 2019 or as negotiated. Interested candidates should send a letter of interest and statement of academic qualifications, curriculum vitae, the names and addresses of three references, and also complete, sign and include the form at the following link: http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf to:
