CLINICAL ACADEMIC POSITION – PAEDIATRIC HAEMATOLOGY
Department of Paediatrics, Western University, Schulich School of Medicine & Dentistry

The Department of Paediatrics, Children's Hospital, London Health Sciences Centre and Schulich School of Medicine & Dentistry, Western University, is seeking a fully certified Paediatric Haematologist to join our established Division of Paediatric Haematology-Oncology. The Division of Paediatric Haematology-Oncology provides comprehensive haematology and oncology care for the children of Southwestern Ontario population of about 2 million. The Department has a number of research initiatives for children ranging in age from pre-term neonates to adolescents. The Department is very active in undergraduate, postgraduate and continuing medical education; and has a Royal College accredited program in Paediatrics as well as a number of fellowship programs.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities. Western is a research-intensive institution with a wide range of academic and professional programs (see http://www.uwo.ca to learn more). Western’s Recruitment and Retention Office is available to assist in the transition of successful applicants and their families.

Candidates for this position must have an MD or equivalent degree and must be eligible for licensing in the Province of Ontario and an FRCPC in Paediatrics or equivalent. Subspecialty certification in Paediatric Haematology from the Royal College of Physicians and Surgeons of Canada or equivalent is required. Additional training in patient safety and management of adverse events during therapy is desired. The successful candidate will be a Clinician Teacher, and hold a full-time Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, depending upon qualifications and experience at the time of appointment. Successful candidates will have a keen interest in academic medicine, the ability to collaborate effectively with all other members of the health care team and office staff, and will be expected to participate in team-based health care and teaching, both at the undergraduate and postgraduate levels.

Compensation for this position will be primarily composed of an alternative funding plan and academic salary. The anticipated start date for this position is July 1, 2019 although an alternative start date may be negotiated.
