

**Department of Medicine, Division of Infectious Diseases Schulich School of Medicine & Dentistry,
Western University**

CLINICAL TEACHER POSITION

Position Profile: The Department of Medicine, Division of Infectious Diseases (ID), Schulich School of Medicine & Dentistry, at Western University, London Health Sciences Centre and St. Joseph's Health Care are seeking physicians for full-time clinical academic appointment to Western University. Applicants should be certified, or eligible for certification, in Infectious Diseases by the Royal College of Physicians and Surgeons of Canada, or equivalent. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. Rank and term of appointment, either as a Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, will depend upon qualifications and experience at the time of appointment.

Qualifications:

- The expected role includes education of Infectious Diseases fellows, residents, and medical students.
- The successful candidate will have significant experience providing excellent clinical care, and will be expected to participate in the academic commitment of the Division and Department.
- The successful candidate must have substantial training and experience in the area of Immunocompromised patients / transplantation field. The incumbent will support the Multi-Organ Transplant Service and the Clinical and Academic Programs at Western University. This program involves a solid organ transplant service (heart, liver, kidney, pancreas), Postoperative consultations for lung transplant patients is also provided. A transplant ID hematological service involves allogeneic and autologous stem cell transplants, in addition to patients with AML, Lymphoma and other hematological conditions. The Transplant Infectious Diseases Program provides training for both general Infectious Diseases fellowship (R4 and R5), as well as, Transplant Infectious Diseases Fellowship trainees (R6 and R7).
- There will be ample opportunity for research within the Division and collaboration with other members of the Department of Medicine including basic science researchers. Consideration of applicants will include an assessment of previous performance in research and teaching, qualifications and experience.

Academic and Clinical Environment: The Division of Infectious Diseases is well-recognized and respected both nationally and internationally.

- The Division's physicians provide secondary and tertiary general Infectious Diseases (ID) and HIV (Human Immunodeficiency Viruses) care for the City of London, Southwestern Ontario and beyond.
- The successful candidate for this position will have a record of proven ability for teaching and will be expected to teach at the undergraduate and post-graduate levels and to supervise graduate trainees.

Compensation Details: Compensation for this position will be commensurate with qualifications and experience and will primarily include fee-for-service (OHIP billings), Alternative Funding Plan, and academic salary.

The City: London, Ontario. London is Canada's 10th largest city with a population of 400,000, a catchment area of 2 million, and is situated in Southwestern Ontario between Toronto and Detroit. The region has a diverse economy and excellent educational opportunities. It is a safe and diverse city and its numerous parks, trails, recreational, cultural and sporting opportunities make it an attractive place to live. See www.ledc.com/why-london to learn more.

About Western: Western University delivers an academic experience second to none. Western challenges the best and the brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, the Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

About Schulich: The Schulich School of Medicine & Dentistry at Western University is one of Canada's preeminent medical and dental schools. Established in 1881, it was one of the founding schools of Western University and is known for being the birthplace of family medicine in Canada. For more than 130 years, the School has demonstrated a commitment to academic excellence and a passion for scientific discovery. Throughout its history, Schulich Medicine & Dentistry has helped educate generations of physicians, dentists, scholars and scientists whose collective work has transformed the practice of medicine and dentistry, here in Canada and around the world. Faculty, students and alumni continue to fulfill their responsibilities as global leaders by sharing their knowledge and expertise for the benefit of all. Details about Western University's Schulich School of Medicine & Dentistry may be found at www.schulich.uwo.ca; Western University at www.uwo.ca.

To Apply: Applications will be accepted until the position is filled. Review of applications will begin November 18, 2019. Expected start date to be February 1, 2020 or as negotiated. Those interested in applying for this position should forward a Letter of Interest/Statement of Academic Qualification, Curriculum Vitae, provide the name and contact information for 3 referees, and complete, sign and include the form at the following link: http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf to:
