

PAEDIATRIC NEUROLOGIST

**Division of Paediatric Neurology, Department of Paediatrics
Schulich School of Medicine & Dentistry, Western University**

The Division of Paediatric Neurology, Department of Paediatrics, Schulich School of Medicine & Dentistry, Western University, is seeking a Paediatric Neurologist. We invite applications from outstanding clinicians, researchers or educators with a strong record of multi-disciplinary collaboration. The successful candidate will provide clinical and scholarly activities in the Division of Paediatric Neurology at the Children's Hospital, London Health Sciences Centre (LHSC), and will help develop academic activities and clinical and educational initiatives within the division and in support of the Department of Paediatrics, and the Division of Paediatric Neurology. The successful candidate will actively contribute to the undergraduate and postgraduate education and research programs of the Division, and will also serve as a role model for our undergraduate medical students, paediatric residents and Paediatric Neurology Subspecialty Fellow/Residents.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities. Western is a research-intensive institution with a wide range of academic and professional programs (see <http://www.uwo.ca/> to learn more). Western's Recruitment and Retention Office is available to assist in the transition of successful applicants and their families.

The Paediatric Neurology Divisional members work closely in clinical, teaching and research with members of the Department of Paediatrics (<http://www.schulich.uwo.ca/paediatrics/>) and the Department of Clinical Neurological Sciences <https://www.schulich.uwo.ca/cns/>. Collaborative research is also done with scientists at the Children's Health Research Institute (CHRI) (www.chri.org). The Children's Hospital, LHSC, have state-of-the art programs and facilities. ([http://www.lhsc.on.ca/Patients Families Visitors/Childrens Hospital/Programs and services/](http://www.lhsc.on.ca/Patients_Families_Visitors/Childrens_Hospital/Programs_and_services/)).

The Paediatric Neurology service is one of two designated provincial epilepsy surgical centres of excellence and has a particularly robust research program in epilepsy and neuromuscular medicine. The Division is an active consultative child neurology service for outpatients through multiple multidisciplinary clinics and for inpatients of the Children's Hospital, which is a tertiary centre for Southwestern Ontario and serves a population of over 1.8 million. For more information on the Division of Paediatric Neurology, please visit <https://www.schulich.uwo.ca/paediatrics/divisions/neurology.html> , and on London, Ontario, please visit <http://www.goodmovelondon.com>.

Candidates for this position must have an MD, MD/PhD or equivalent advanced degree and must be eligible for licensing in the Province of Ontario. Subspecialty certification in Paediatric Neurology from the Royal College of Physicians and Surgeons of Canada or equivalent is required. The successful candidate will be a Clinician Teacher or Clinician Researcher, and hold a full-time Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, depending upon qualifications and experience at the time of appointment. Successful candidates will have a keen interest in academic medicine, the ability to collaborate effectively with all other members of the health care team and office staff, and will be expected to participate in team-based health care and teaching, both at the undergraduate and postgraduate levels. The successful candidate will be appointed as a Scientist or Associate Scientist at the Children's Health Research Institute.

Compensation for this position will be primarily composed of an alternative funding plan and academic salary.

The anticipated start date for this position is July 1, 2021, although an alternate start date may be negotiated.

Please submit your application, including curriculum vitae, Letter of Interest/Statement of Academic Qualifications, and names and addresses of three references to:

Dr. Craig Campbell
Division Head, Paediatric Neurology
Department of Paediatrics
800 Commissioners Road East
London, Ontario, Canada N6A 5W9
Email: Craig.Campbell@lhsc.on.ca

Applications will be accepted until the position is filled. Review of applications will begin on **February 22, 2021**. Please ensure that the form http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf is completed and included in your application.

Business Addresses:

Western University, 1151 Richmond Street N., London, Ontario N6A 5B8, www.uwo.ca
