The Department of Paediatrics, Children's Hospital, London Health Sciences Centre and Schulich School of Medicine & Dentistry, Western University, is seeking two fully certified Specialists in Adolescent Medicine. The Department of Paediatrics is developing a new Division of Adolescent Medicine with a multi-year plan for continuing recruitment. The Division of Adolescent Medicine will serve the southwestern Ontario population of about 2 million, and work closely with the Division of Child and Adolescent Psychiatry, Department of Psychiatry and with the Department of Family Medicine.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities. Western is a research-intensive institution with a wide range of academic and professional programs (see [http://www.uwo.ca](http://www.uwo.ca) to learn more). Western’s Recruitment and Retention Office is available to assist in the transition of successful applicants and their families.

Candidates for these positions must have an MD or equivalent degree and must be eligible for licensing in the Province of Ontario, and an FRCPC in Paediatrics or equivalent. Subspecialty certification in Adolescent Medicine from the Royal College of Physicians and Surgeons of Canada or equivalent is required. The successful candidates will be Clinician Teachers, and hold full-time Limited Term Clinical Academic appointments at the rank of Assistant Professor or Associate Professor, or Continuing Clinical Academic appointments at the rank of Associate Professor or Professor, depending upon qualifications and experience at the time of appointment. The successful candidates will have a keen interest in adolescent medicine, the ability to collaborate effectively with all other members of the health care team and office staff, and will be expected to participate in team-based health care and teaching, both at the undergraduate and postgraduate levels as well as in Continuing Professional Development.

Compensation for these positions will be primarily composed of an alternative funding plan and academic salary. The anticipated start date for these positions is January 1, 2019, although an alternate start date may be negotiated.

Please submit your application, including curriculum vitae, Letter of Interest/Statement of Academic Qualifications, and names and contact information of three references to:
