Applications are invited from qualified individuals for two (2) positions in Prosthodontics at Schulich Dentistry effective September 1, 2016 or as soon as possible thereafter. The appointment type will be either Probationary (Tenure-Track) or Limited Term depending on the qualifications and experience of the successful candidate. The successful candidate should have completed advanced training in Prosthodontics and must be able to teach and practice all aspects of Prosthodontics.

**Limited Term Position:** Appointment to a Limited Term Position will be at the rank of Assistant Professor. The successful candidate should have teaching experience in both classroom and clinical settings. The successful candidate must be able to function as a course director and be able to collaborate and participate as an instructor within other courses. Cross-disciplinary teaching within other divisions of the dental program is expected. Evidence of research training and/or experience will be an asset.

**Probationary (Tenure-Track) Position:** Appointment to a Probationary (Tenure-Track) Position will be at the rank of Assistant Professor, or higher, depending on the qualifications and experience of the successful candidate. Preference will be given to candidates who hold a PhD and have a demonstrated record of research and publication. The ability to lead and support collaborative research is a requirement. Successful candidates will have a commitment to supervise and support student research projects. Probationary candidates will be expected to maintain an ongoing research program resulting in external funding and peer-reviewed publications. The teaching expectations are the same as for the Limited Term position described above.

Candidates for either appointment must possess a DDS/DMD degree (or equivalent) and have successfully completed a full-time, post-graduate program of at least 24 months duration in Prosthodontics. Preference will be given to candidates with a Fellowship or who are Board-eligible in Prosthodontics. Candidates must be eligible for full or academic registration (licensure) within the Province of Ontario. Candidates are encouraged to familiarize themselves with the requirements for registration in Ontario (http://rcdso.org). Successful candidates should have a demonstrated aptitude for teaching and will be required to teach at the didactic, pre-clinical and clinical levels of the undergraduate and international dentists programs. The successful candidate must be able to teach and practice in the areas of removable prosthodontics, fixed prosthodontics and implant dentistry. Training and experience in maxillofacial prosthodontics will be an asset. In addition, preference will be given to those that demonstrate aptitude in one or more of the following areas: diagnosis and treatment planning, geriatrics, dental technology, delivery of multidisciplinary patient care in a teaching environment, critical thinking and/or inter-professional education. The successful candidate must be able to adapt to the current didactic and clinical curriculum of the program.

The successful candidate should have private practice experience in Prosthodontics and is expected to maintain a consulting practice in Prosthodontics. A reduced workload is available to allow for a consulting privilege of one day/week and the opportunity for intramural practice exists. The successful candidate will be required to participate in the administration of the dental program attending and contributing to the Committees to which s/he has been appointed. Candidates must have excellent oral and written communication skills in
the English language and must be able to work in a collaborative style in all three areas of teaching, research and administration.

With a full-time enrolment of 32,000, Western University graduates students in a full range of academic and professional programs. The University campus is in London, a city of 360,000, located midway between Toronto and Detroit. With parks, tree-lined streets and bicycle trails, London is known as the “Forest City”. London boasts an international airport, galleries, theatre, music and sporting events. See http://www.goodmovelondon.com to learn more. Western’s Recruitment and Retention Office is available to assist in the transition of successful applicants and their families. For further information, please see: www.schulich.uwo.ca/dentistry and www.london.ca

Applicants should send 1) a cover letter, 2) curriculum vitae, 3) the names of three references, 4) brief outline of future research plans, and 5) reprints of selected publications to: Dr. Richard Bohay, Director of Dentistry, Schulich School of Medicine & Dentistry, The University of Western Ontario, 1151 Richmond St., London, ON, Canada, N6A 5C1 or email applications to, Schulich.Dentistry@schulich.uwo.ca. Applications will be accepted until September 1, 2016.

Please ensure that the form available at http://www.uwo.ca/facultyrelations/faculty/Application-FullTime-Faculty-Position-Form.pdf is completed and included in your application submission.

Positions are subject to budget approval. Applicants should have fluent written and oral communication skills in English. The University invites applications from all qualified individuals. Western is committed to employment equity and diversity in the workplace and welcomes applications from women, members of racialized groups/visible minorities, Aboriginal persons, persons with disabilities, persons of any sexual orientation, and persons of any gender identity or gender expression.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Accommodations are available for applicants with disabilities throughout the recruitment process. If you require accommodations for interviews or other meetings, please contact Natalie Brown, natalie.brown@schulich.uwo.ca or 519-661-2111 Ext. 86134.
