

Intent to Register Family Studies & Human Development

What is Intent to Register?

- Intent to Register (ITR) is your opportunity to let Western know you will be returning the following year and what program/module you wish to be considered for.
- All 1st year students who plan to return to Western in the Fall need to fill out their ITR.
- Senior students who are making a change to their module(s) and/or program will also complete their ITR.
 - Senior students looking to continue in their current program do not need to complete ITR.

When is Intent to Register?

- **February 25th – March 31st, 2026**

Timeline:

May – Family Studies & Human Development Academic Advising evaluates all academic work after final grades are posted (this process is called adjudication)

June - Find out which program you have been placed in by logging into your Student Centre

July - Select courses for next year (the specific date will be posted on your Student Centre)

How do you complete Intent to Register?

To submit your intent to register click the Academics tile and then the Program Status tile and choose Intent to Register Form.

The diagram illustrates the navigation process. It starts with a box labeled 'Academics' containing an icon of an apple on top of books. A purple arrow points to a box labeled 'Program Status' containing an icon of an open book. A second purple arrow points to the right, indicating the next step.
